Health Science Internship	04-301	3	Ethics	39-274	3
Biology Senior Seminar	04-491	1	Total		16
Total		17			

*If one has not taken a substantial high school chemistry course, Chemistry 112/113 should be taken first. Need to have mastered Algebra II in high school.

NOTE: Professional schools vary in their pre-requisites for admission. Be sure to determine the requirements for each school by visiting that school's website.

(Please note this outline does not supersede the requirements listed in the Northwest Undergraduate Student Catalog nor does it constitute a contractual arrangement, rather it is for information only. It is the student's responsibility to be aware of and to meet all University and Department requirements as listed in the catalog.
