To configure your Android cell phone for Student Email (Outlook Live), please do the following.

1. Open your Email App.
2. Select Settings.
3. Select Add Account.
4. Enter your Northwest email Address (username@mail.nwmissouri.edu) in the Email box.
   Example: s200200@mail.nwmissouri.edu
5. Type your Northwest email username (username@mail.nwmissouri.edu) in the Username box.
6. Type your Northwest email password in the Password box.
7. Select manual set-up.
8. Select POP3.
9. Select Next.
10. Incoming Server Settings:
    - One or more certificate warnings may appear. If they do, select Accept.
    - The server is pod51008.outlook.com
    - Port 995
    - SSL Security
    - Select Next
11. Outgoing Server Settings
    - SMTP
    - One or more certificate warnings may appear. If they do, select Accept.
    - The server is pod51008.outlook.com
    - Port 587
