Product Name: L-SERYL-L-GLYCINE
(Ser-Gly-OH)

Product Code: 04-2451

Use: Reagents to be used in laboratory only. For research use only.

Product Information:
- CAS Number: [687-63-8]
- Chemical Formula: C₅H₁₀N₂O₄
- Molecular Weight: 162.15
- Melting Point: Not specified
- Appearance: White powder
- Solubility: Not specified
- Storage: Store at 0-8°C

Hazard Identification:
Acute Effects: Harmful if swallowed, inhaled, or absorbed through skin. Vapor or mist is irritating to the eyes, mucus membranes and upper respiratory tract.

First Aid (in event of gross contamination):
- Skin contact: Remove contaminated clothing with gloves. Wash affected area thoroughly with plenty of soap and water.
- Eye splash: Flood eye for at least 10 minutes with fresh water or sterile saline solution from eyewash bottle. Prise eyelids apart for proper washing. Obtain medical attention.
- Inhalation: Remove to fresh air and loosen clothing. If necessary obtain medical attention.
- Ingestion: If confined to mouth, rinse out with plenty of water. Do not swallow. Do not induce vomiting. If necessary obtain medical attention.
- Fire: Extinguish with dry powder or carbon dioxide. Avoid breathing combustion products. Wear full protective clothing.
- Spillage Procedure: Collect up solid and transfer to suitable container for disposal. Avoid contamination of drains and water courses.
- Disposal: According to local regulations
