

Northwest Missouri State University

Policy and Procedures Manual

Chapter Campus Safety

Section Crime Prevention and
Education Programs

I. Purpose

The overall safety of the institution requires the active cooperation, assistance and support of the entire campus community. Safety and avoidance of crime are community issues and the Campus Safety Department provides several information and crime prevention programs for the campus community.

II. Policy

Campus Safety provides the following programs for the campus community:

- Operation ID – This program provides a means for members of our community to protect their personal property against theft and fire.
- Escort Service – This program is designed to provide escorts across campus in the evening hours or when a threat of injury exists. (see also Courtesy Escort Service and Currency Escort Service).
- Bicycle Registration – This program provides a means for members of our community to protect their bicycles from theft and vandalism.
- Rape Aggression Defense (RAD) Training – This program is designed to teach women defensive tactics if confronted by an aggressive person.

Contact Campus Safety at 562-1254 for more information on any of these programs.
