Chapter Campus Safety

Section Replacement of Parking
Permits

I. Purpose

The goal of the University Traffic Advisory committee is to provide high quality parking and traffic services within an ever-changing environment.

II. Policy

1. A permit holder who becomes ineligible for parking privileges must remove the permit and provide it to the Campus Safety Office.
2. When transferring a vehicle, before a no-charge replacement permit will be issued, the old permit must be presented to the Student Services Center in the Administration Building. If you are unable to recover the permit for any reason, any of the following will be accepted as proof the permit is not recoverable: a copy of the bill of sale, transfer of title, accident report indicating the windshield was damaged or the vehicle was totaled, or any other appropriate documentation.
