- Football vs. Fort Hayes State 9/15
- Mock Interview Day 9/26
- St. Judes Fundraiser @ Pavilion 9/29
- Family Weekend @ Northwest 9/29
- Soccer vs. Central Oklahoma 9/30

Reduce your PAW print, bale it!
Northwest received a $20,000 Northwest Missouri Solid Waste Management District grant for the purchase and installation of a mixed materials vertical baler. The Hardscape and Recycling team, led by Chris Redden, with the assistance of maintenance, installed the machine in the lower section of the pellet plant and began baling immediately. The baler condensed 3 large storage wagons of loose plastic bottles into a single bale. The ability to store bales until the market is right for transport and sale will save a considerable amount of time and money. Special thanks to Mike Adwell, Rick Allen, David McClintock, David Stith, and John Viau for their hard work to make this happen.
1.) What year did the Administration fire occur?
2.) What year did Northwest become a University?
3.) What international event was Northwest campus laid out to imitate?

**Recycling Update:**

WE NOW ACCEPT ALL PLASTICS!

Please continue to empty bottles and discard lids when possible, but it is no longer necessary to trash them when it's not possible.

THANKS!!!

**Employee Spotlight**

Steve “Doc” Bliley began working for Facility Services on August 13, 2012 as a Groundskeeper. Steve is married to Barb and has two step-children, Kaitlin and Max. In his spare time, he enjoys collecting toy fire trucks and hunting. Steve, Barb, and Kaitlin live east of Maryville, but he is originally from Conception Junction, Missouri. Steve has served as a volunteer fire fighter for over 30 years.

Omer Duckworth began employment with Facility Services on August 13, 2012 as a Boiler Plant Maintenance Technician Operator at the Power Plant. Omer has four children: Les, Sandy, JC and Samantha. In his spare time he enjoys hunting, fishing, camping, golfing and football. Omer lives outside of Ravenwood, but is originally from Denver, Missouri. He enjoys a challenge and likes to repair things that are broke and make them operational again.

**Semi Annual THRIVE**

Steve Redmond was the $100 winner.

THRIVE checks were turned in by departments.

**July THRIVE**

Justin Long was the $25 winner.

During the month, THRIVE checks were turned in by departments.

**Quote of the Month**

Great opportunities to help others seldom come, but small ones surround us every day.

- Sally Koch

**Safety Tip**

Take 5 minutes to clean up your area and put tools away. Make sure walkways are clear from any trip hazards.
