**Bearcat Tip of the Month**

*Keep Motivated*

- Keep a list of motivational quotes that inspire you; read them often, even several times daily. Write them on post-it notes and stick them around areas so you will see them often.
- Music can have a very positive effect and dramatically change your mood. Create a play list that simply makes you feel good, motivates you and keeps you moving. Even singing can release stress, so go ahead sing out loud to your favorite songs.
