Facilities

Administration Building

Built in 1907-1910, this Tudor Revival structure with its four towers is the landmark of the campus. In 1979, a fire destroyed the north wing and the west wing, the latter of which is largely restored. In addition, the entire second floor and a portion of the third floor have been extensively renovated. This historic building houses Admissions, Career Services, Graduate Office, Registrar's Office, Scholarships and Financial Assistance Office, Cashiering, Bursar's Office, other administrative and student services offices, and facilities for the Department of Family and Consumer Sciences.

B.D. Owens Library

Named for the eighth president of the University, this limestone and glass structure, located near academic facilities as well as residence halls, opened in 1983. With more than 100,000 square feet of space, Owens Library is designed to meet the library needs of the University well into the future, and to accommodate technological advances in information retrieval systems. Included in Owens Library are personal computers connected to the Electronic Campus network, including a multitude of web-based databases, group and private study rooms, and comfortable seating arranged throughout the open stacks.

Colden Hall

Completed in 1959, this V-shaped structure is named for Charles J. Colden, the first president of the Board of Regents. This major academic structure was completely renovated in 1996-1997 providing environments for technology to supplement and facilitate learning, and with flexibility for advancements in the future. Located on the second floor are the faculty and staff offices for the departments of Accounting, Economics and Finance; Computer Science/Information Systems; English; Marketing and Management; and Psychology, Sociology and Counseling.

Garrett-Strong Science Building

This building on the north side of campus honors two former department chairmen: William T. Garrett, Department of Biological Sciences; and J. Gordon Strong, Department of Chemistry and Physics. Completed in 1968, Garrett-Strong contains laboratories, lecture halls and classrooms, as well as the Departments of Biological Sciences; Chemistry and Physics; Geology and Geography; and Mathematics and Statistics. The entire building was renovated in 2000-2001 resulting in a state-of-the-art facility.

Everett W. Brown Education Hall

Located across from the J.W. Jones Union, this Neo-Gothic ornamented structure was renovated and rededicated in 1987 to Everett W. Brown, an alumnus, long-time staff member, eight-term member of the Missouri House of Representatives and former appointed member of the Missouri Coordinating Board for Higher Education. Originally dedicated in 1939, Brown Hall houses the departments of Curriculum and Instruction, and Educational Leadership, as well as the Horace Mann School for elementary education.

Wells Hall

Dedicated in 1939 as the University library, Wells Hall is named for the University's first librarian, Edwin C. Wells. Since the opening of Owens Library, Wells houses the departments of Communication, Theatre and Languages, and Mass Communication, as well as KZLX-LP-FM, KXCV/KRNW-FM, KNWT-TV, classrooms, the English as a Second Language Program, the *Northwest Missourian* student newspaper, and *Tower* yearbook.

DeLuce Fine Arts Building

Located on the south side of the campus, this circular structure was dedicated in 1965 and honors the long-time faculty member and nationally-recognized leader in art education, Olive DeLuce. DeLuce contains studios, the DeLuce Gallery, classrooms, rehearsal rooms, and offices for the Department of Art and the Department of Music.

The 549-seat **Charles Johnson Theater**, housed in DeLuce, is named for the first chairman of the Spring Festival of the Arts, which evolved into the year-long Northwest Encore Performances. The Charles Johnson Theater also has a two-manual, 21-rank McManis pipe organ.

Fire Arts Building

This triangle shaped building constructed in 2004-2005 is located to the southeast of the DeLuce Building. It houses ceramics, sculpting and welding art classes.

Performing Arts Center

Located on the southwest side of campus, the Performing Arts Center opened in 1984. The auditorium is named after Mary Casteel Linn, a former University Regent and dedicated patron of the arts. The 1099-seat theater can accommodate a full symphony orchestra, or it can be scaled down for more intimate productions. The Performing Arts Center also houses a "black box" theater as well as the offices and production shops of University Theatre.

Thompson-Ringold Building

The building, located north of Wells Hall, was built in 1931 and during the years it housed the Industrial Arts programs; Kenneth Thompson and Howard Ringold were long-time faculty of that department. Now it houses the Department of History, Humanities, Philosophy and Political Science, the Mail/Copy Center and Adult Education Literacy.

Valk Agriculture Professions Center

Completed in 1970 and named for Donald N. Valk, long-time chair of the Department of Technology, the building during 1993 became the home of the Department of Agriculture following the closing of the Department of Technology. Facilities within the building include faculty offices, lecture rooms, a computer laboratory, and laboratories for plant science, animal science and soil science.

Memorial Bell Tower

Completed in 1971 and refurbished in 1989, and completely renovated in 2004, this 100-foot high structure located in the center of campus dominates the campus vista. The Tower was constructed from funds provided by University friends and alumni and has brass memorial and commemorative plaques, an electric carillon and displays the University seal as it has evolved with name changes from Normal School to University.

J.W. Jones Union

The opening of this structure in the center of campus in 1952 fulfilled a long-time dream of J.W. Jones, sixth president of the University. In 1966, an addition on the north more than doubled the size of the building. During 1998-2000 the entire facility underwent a complete renovation and reconfiguration of spaces.

Residence Halls, Suites and Apartments

Located in four areas on campus are 17 structures providing variety in living arrangements and common spaces for students. Residence Halls offer integrated living/learning communities well suited for freshmen acclimating to college life. Suites provide a small group living environment desired by sophomore and junior students. Apartments offer a transition to independent living for junior, senior and graduate students.

The **West Complex** includes four **High Rise Residence Halls** that are seven-story buildings located on the west side of campus. Dieterich Hall (for H.R. Dieterich, education faculty), Millikan Hall (for Chloe Millikan, education faculty), Franken Hall (for Katherine Franken, psychology faculty), and Phillips Halls (for Homer T. Phillips, education faculty) are all coed residence halls. **Tower Suites West and Tower Suites East** located between Phillips and Franken were completed in 2004.

The **North Complex** contains Cooper Hall (for Albert H. Cooper, director of extension), and Douglas Hall (for 24-year Regent R.L. Douglas), which are coed residence halls. Cooper Hall serves as the residence and office location of the Missouri Academy of Science, Mathematics and Computing.

The **South Complex** contains Wilson Hall (for Lon Wilson, dean of men), Richardson Hall (for fourth University president Ira Richardson), and Cook Hall (for T.H. Cook, history faculty). During 1999-2000, these connected structures were completely redesigned and renovated to eliminate the traditional dormitory arrangements.

The **East Complex** contains Hudson Hall (for the first woman registrar, Nell Hudson), Perrin Hall (for the first dean of women, Alice R. Perrin), and Roberta Hall (for Roberta Steel, who lost her life after a 1951 residence hall explosion). Roberta Hall was completely renovated during the 1993-94 academic year. Hudson and Perrin Halls were demolished and rebuilt in 2005-2007 to create a modified dormitory arrangement.

Forest Village Apartments A, B and C were completed in 2004 are located on the north side of Centennial Drive and include a community building providing lounges and meeting facilities for apartment residents, a convenience store, mailboxes and residential life staff offices. The apartments are fully furnished; consist of two- and four-bedroom styles; include a living room, storage closets and a small kitchen and dining space. These units also contain washer, dryer, refrigerator, dishwasher, garbage disposal, microwave, stove and cable TV.

The Station

Opened in 1966 as the Taylor Commons dining hall (more recently known as The Conference Center), this facility provides community building lounges and meeting space for West Complex residents, a convenience store, coffee bar, mailboxes and residential life staff offices. It also serves as a conference center with movable room dividers and state-of-the-art audio/visual capabilities for teleconferences, seminars, meetings and workshops. It houses the Textbook Services Center and a bakery. Henry Kirby Taylor was the third president of Northwest.

Ryland Milner Complex

Named for long-time coach, athletic director and alumnus Ryland Milner, the Complex contains two gymnasiums, an aquatic center, tennis courts and Bearcat Stadium, all located on the southwest side of campus.

Uel W. Lamkin Activity Center, named for the University's fifth president, was first opened in 1959. During the 1993-1994 academic year, the facility was the recipient of a \$6 million renovation and enlargement. Included was the total renovation of the existing structure and the construction of north and south additions. The north expansion, called the Northwest Student Recreation Center, houses a suspended jogging track, three basketball courts and five racquetball/handball courts. Included in the south addition is the Fitness Center on the lower level, a lobby on the main level, and offices and meeting rooms for coaches on the top level. The area where basketball and volleyball competition is held has been named the Bearcat Arena. Also housed in the Activity Center are classrooms and ticket and concession areas on the main level. The lower level has weight-lifting, dressing rooms and athletic training facilities.

Martindale Hall, opened in 1926, was the original University gymnasium. Remodeled and renovated in 1973-1975, Martindale honors Nell Martindale Kuchs, a faculty member and early leader in women's athletics. Martindale has a regulation-sized basketball court which can be split for two separate activities such as gymnastics, dance and volleyball. The building also contains classrooms, physical education faculty offices, a dance studio and women's dressing rooms.

The Robert P. Foster Aquatic Center, opened in 1981, is named for the seventh University president. Designed as an instructional facility for water safety programs, it is also used for recreational purposes. The Foster Aquatic Center has an Olympic and NCAA standard-sized pool, dressing rooms, equipment areas and spectator seating. The facility was renovated in 2002-2003.

Bearcat Stadium is a natural-turf playing field with permanent seating accommodating 6,200 spectators and stadium capacity of 7,500. The field is surrounded by the **Herschel Neil Track**, a resilient all-weather track named after the 1930s Northwest student who held numerous NCAA records. During calendar year 2000, the east grandstand and southeast ticket houses were completely renovated to enhance customer services. In 2002-2003, the west grandstand and pressbox were replaced by an enlarged facility featuring chairback, railback and traditional seats, ten suites, and an upper media/coaching area and filming tower. A new scoreboard was added with video replay capabilities. The Stadium was renamed in 2004 from Rickenbrode to Bearcat Stadium to honor the Northwest family members who helped to fund the replacement structures and additional facilities.

The **Frank W. Grube Tennis Courts**, completed in 1981, are named after the long-time Department of English chairperson and first varsity tennis coach of the University.

Bearcat Field is the home of the Bearcat baseball team and is located on the west campus, and has a grass infield, a scoreboard and press box facility.

A **Softball Field** was constructed in 1996 near Phillips Hall on the west side of campus. Home for the Bearcat softball team, the dirt infield is made from aqualime, a textured soil that allows moisture to go through to the ground.

R.T. Wright Farm

The 448 acres two miles north of campus provide laboratory experiences in agronomy, animal and dairy science, and horticulture. The farms are named after R.T. Wright, former chairperson of the Department of Agriculture and a recognized leader in agricultural education.

A modernized swine complex and enhanced dairy were built in 2000. A solid animal waste separator, fluid lagoon and blending operation were incorporated in the design to facilitate the blending of solid waste with other farm feedstocks for the production of a pelletized alternative fuel used in the University Power Plant. This comprehensive approach to farm management provides a hands-on laboratory for students in the Department of Agriculture.

Alfred McKemy Center for Lifelong Learning

Located north of the Garrett-Strong Science Building, this structure was completed in 1977 and named after a former member and president of the Board of Regents. Completely renovated in 1999, the facility provides offices for the Outreach Education, the Regional Professional Development Center, the Missouri Assessment Program, the Alternative Certification Program and the Small Business Development Center. These programs are focused primarily on constituencies at varying distances from campus. Contained within are one distance learning classroom and one room for teleconferencing.

Mabel Cook Admissions and Visitors Center

Located at the southeast entrance to campus, the center is named for a graduate of the Department of Family and Consumer Sciences, who later served on the faculty and chaired the department. As a student, Mabel Cook initiated the idea for Kappa Omicron Phi, now a national family and consumer sciences honor society called Kappa Omicron Nu. The house is now used as a visitors center for prospective students and their families as well as housing Admissions personnel and Student Ambassadors.

Advancement Complex

Under the umbrella of University Advancement, two facilities serve members of the Northwest family.

Alumni House. Located on College Avenue, the Federal-style structure is owned by the non-profit Northwest Foundation, and houses the offices of Alumni Relations. This former private residence is the social center for alumni and friends of Northwest.

Development Center. In 1999, the property directly east of the Alumni House was acquired by the Northwest Foundation and houses the Development Office and Northwest Foundation, Inc.

Thomas J. Gaunt House

Located across from the Alumni House on the south end of campus, the Gaunt House was constructed in 1870 by a retired sea captain whose tree nursery was located on what is now the main campus. The Classical Revival-style structure has been the home of University presidents since the founding of the institution in 1905, and it is listed in the National Register of Historic Places. In 1999-2000, a new addition was added that expanded the kitchen to include daily family use and a food preparation area for large group gatherings. A new outside patio was also added.

Support Services Complex

Located north of the High Rises, Tower Suites and The Station are five structures providing operation space for the majority of the campus physical plant services.

The **Facilities Services Building** built in 2006-2007 is designed to meet the unique needs of the environmental trades, key and sign shops, construction and transportation. It also houses the offices of Environmental Services, Campus Safety, Custodial Services, Facilities Planning, Health and Safety, Purchasing; Mail/Copy Center, and regional office of the Department of Natural Resources.

Three **Landscape Services Buildings** erected between 2000 and 2005 include an offices/shops building, a greenhouse and equipment storage hoop shed.

The **Materials Distribution Center** built in 2002, is the warehouse facility that houses Central Receiving, Central Stores, the moving crew, and is the site for the University's surplus auctions.

University Health Center

Built in 1997, this structure with its pitched roofs in interlocking planes is a distinctive addition to the northwest corner of the campus. It provides a user-friendly environment in which to meet the health care needs of Northwest students living on and off campus. In 2006-2008 a new addition is being added to house the Counseling Center and University Health programs in the same facility.

Mozingo Outdoor Education Recreation Area (MOERA)

A 315 acre rural lake front tract of land located at Mozingo Lake, MOERA is designed for student and community education/recreation activities. Facilities include a challenge course consisting of an Alpine tower, Carolina climbing wall, and group dynamics low element obstacle stations; courtesy dock; a trap and skeet range which can also be used for target archery; a biology research area; a small astronomy observatory and outdoor telescope viewing area; and biology/astronomy and health, physical education, recreation and dance department working/storage buildings. A mixture of walking trails and gravel roads exist throughout the acreage.

Governance

The Board of Regents. Under the powers prescribed by law, the Board of Regents functions as the policy-making body of Northwest Missouri State University. The eight-member Board of Regents is entrusted with the formulation of the general, educational and financial policies of the University. In addition, the Board has the power to carry out any further functions which are permitted by its bylaws or by the articles of incorporation.

The President's Cabinet. The Cabinet advises the President and assists in planning, developing, evaluating and recommending to the Regents policy decisions for the operation of the University. The Cabinet is composed of the President, the Provost, the Vice President for Finance and Support Services, the Vice President for Student Affairs, the Vice President for Information Systems, the Vice President for Institutional Advancement, the Vice President for University Relations, the Athletic Director and the Human Resources Director.

Strategic Planning Council. The Strategic Planning Council (SPC) identifies long-range goals for the University, using the institution's mission and vision, as well as current environmental scans. The SPC is advisory to the President's Cabinet and the Board of Regents. Membership is drawn from key governance, student, faculty and staff organizations on campus.

Faculty Senate. The Faculty Senate is the representative body of the faculty. According to the Faculty Constitution, "The Faculty Senate is authorized to formulate policy in the areas of responsibility assigned to the faculty by the Board of Regents or the President and to advise appropriate authorities in other areas assigned to the faculty by the Board of Regents." In addition, "The Faculty Senate is authorized to provide a forum for discussion of matters which are of concern to the faculty and to make recommendations concerning their findings on these matters to the appropriate body or authority."

Graduate Council. The Graduate Council, made up of elected graduate faculty members, graduate students and the dean of the Graduate School, recommends all policies and programs involved with graduate study. It coordinates, with the Faculty Senate, all recommendations for approval of upper-division undergraduate courses which may also be approved for graduate credit if taken by eligible graduate students. The Graduate Council also reviews recommendations from the Council on Teacher Education as these relate to advanced programs in teacher education.

Student Senate. Student Senate is the representative governing body of the Student Government Association, which includes all students. The Senate serves students in many capacities: proposing beneficial changes in University policies, acting as a liaison between students and administration, screening the formation of new organizations, supervising campus-wide elections and approving fund-raising activities on campus.

Council on Teacher Education. The Council is composed of one member from each college's designated teacher education faculty with two teacher education faculty members from the College of Education and Human Services, one graduate education student and two undergraduate education students. The Council is responsible for establishing standards, curriculum, and degrees in teacher education and in teacher education admission and retention policies.

Deans Council. The mission of the Deans Council is to facilitate the development and implementation of a shared vision with our faculty colleagues so that the academic core at Northwest Missouri State University meets the needs of the constituencies it serves.

University Committees. The committees organization provides faculty, students and support and administrative staffs an opportunity to participate in the affairs of the University. The President’s Cabinet, in cooperation with the Faculty Senate, coordinates the University committee assignments.
