

Report from Support Staff:

I am pleased to announce the recipients of next years support staff scholarships will be released in the upcoming week.

A suggestion was made to no longer print, and mail, a hard copy of the Support Staff Council newsletter to every member. After discussion, it was agreed that they would be sent out via email to everyone. Anyone without computer access, those department secretaries would print and post the newsletter on the shop bulletin boards.

We are getting ready to start the support staff council election process for the 2009-2010 year.

We wanted to thank Human Resources for putting on the second "Healthier You" program, it was another big success.

Campus Safety put on a female self-defense class from March 2-March 5<sup>th</sup>, anyone could attend.

The winners of the last Support Staff fundraiser were Matt Baker, Phil Lucido, Garland George, and Deanne Cordell. Thank you to all who participated, we were able to raise almost \$500.

Respectfully Submitted,

Danny Smith  
Support Staff Chair
