Article III Composition of the Senate, Section 1, Membership

- A. Each of the 11 academic departments shall elect one member and one alternate to the Faculty Senate. The Library Faculty is entitled to elect one member and one alternate to the Faculty Senate. Both the Senate member and the alternate must meet the requirements as listed in III.1.
- B. Departmental representation in the Senate shall be limited to those: 1) who are faculty or non-tenure, tenure track or tenure appointment with the rank of instructor or above as determined by the Chief Academic Officer; 2) who have served at least three full academic years on the faculty at the time that they take office in the Senate; and 3) who are not currently serving as a department chair.
- C. Four additional at large senators will be selected from the College of Arts and Sciences; two additional at large senators will be elected from the Booth College of Business and Professional studies; and two additional at large senators will be elected from the College of Education and Human Services.
- D. Election as an at large senator shall be limited to faculty who are faculty on tenure appointment and who are not currently serving as a department chair.

Article IV Elections, Term of Office and Recall of Senators

- A. Regular elections of at large senators and their alternates to represent their respective colleges to the Faculty Senate shall be held no later than March 1 and departmental senators and their alternates no later than March 15 in order to elect those who will assume office at the special senate-elect meeting held in April. Such elections are to be conducted by the faculty of the respective units by secret ballot or, if uncontested, by consensus.
- B. Departmental senators and their alternates will be elected by their respective units from

candidates that meet the criteria listed in III.1.B. The results of the election are to be reported by the departments to their respective Dean and to the President of the Senate prior to the April Faculty Senate meeting.

- C. At large senators will be elected by the faculty of their college. The Secretary of Faculty Senate will construct a ballot that will be disseminated to all members of the college eligible to vote with results of the election announced by March 1. The top vote recipients in each college will serve as senator and the nonelected candidates will serve as alternates in descending order.
- Section 2 Terms of Office. The term of office for a senator is two academic years (or in the case of a substitution more than one academic year). No departmental or at large senator shall serve more than two consecutive terms regardless of which level unit they represent. Following the two terms of office a waiting period of at least one term of office is required of senators before eligibility is regained. For the alternate, the term of office is two academic years; consecutive terms may be served. Serving as an alternate does not affect one's eligibility to serve as a senator. When a senator completes a four year term, a waiting period of one year is required before the senator can be eligible to serve as an alternate.
- Section 3 Interim Vacancies. If a senator is unable to serve, an alternate will serve with all of the privileges of the senator being replaced for any meeting or portion of the term that the senator is unable to serve. In the event the senator is unable to serve for an extended period of time, the department shall elect a new senator by secret ballot or by consensus if the seat is uncontested and shall notify the secretary of the senate within a week following this election.
- Section 4 Recall. Written notice signed by a majority of the members of the electing unit departmental or college and filed with the Secretary of the Senate is sufficient for immediate recall of the unit's senator or alternate.
