

Checking Your Advisee's Class Times and Grades

You have access to check class times for your advisees, as well as their daily grades. This allows you to easily monitor students and offer help when needed.

Access your Northwest Success 360 account through Northwest Online or the Bearcat Log-in page, and choose your advisee to view by clicking on their name or typing in the search box.

1. When the pop-up box appears, choose **Courses** from the menu on the right.
2. Each course now includes **day and time**.
3. **To view grades**, choose the small box on the right to see course details.

The screenshot shows the Bobby Bearcat interface with a list of courses. The 'Courses' menu item is highlighted with a green box and the number 1. The first course, 'COMPUTERS AND INFORMATION TECH', is highlighted with a green box and the number 2. A small box on the right of the course row is highlighted with a green box and the number 3.
