

AAQEP Annual Report for 2023

Provider/Program Name:	Northwest Missouri State University
End Date of Current AAQEP Accreditation Term (or "n/a" if not yet accredited):	6/30/2027

PART I: Publicly Available Program Performance and Candidate Achievement Data

1. Overview and Context

This overview describes the mission and context of the educator preparation provider and the programs included in its AAQEP review.

Northwest has a rich tradition since 1905 of preparing teachers and leaders for Missouri and our larger three-state region (Missouri, Iowa, Nebraska), in addition to many completers who leave the region and teach throughout the United States. We take pride in our legacy of preparing outstanding educators to support students and the needs of our P-12 school partners while embracing opportunities to continue our evolution. We value improvement. We also value the accreditation process, which provides our students, school partners, program leaders, and the public with evidence that Northwest's educator, leader, and counselor education programs collect and use data, systematically to analyze and share information to create opportunities to improve our programs and practices. We embrace the continuous improvement cycle and look forward to insights and suggestions from accreditation team members regarding our programs and processes. Our goal is always to help our candidates and completers improve. Northwest is deeply engaged in enhancing the learning environment for the P-12 classrooms and district partners we serve.

2. Enrollment and Completion Data

Table 1 shows current enrollment and recent completion data for each program included in the AAQEP review.

Degree or Certificate granted by the institution or organization	State Certificate, License, Endorsement, or Other Credential	Number of Candidates enrolled in academic year ending August 2023	Number of Completers in academic year ending August 2023
Progra	ms that lead to initial teaching credentials		
Agricultural Education BSED	Initial Certification: Agricultural Education 9-12	41	4
Alternative Certification	Initial Certification	46	17
Art Education BSED	Initial Certification: Art K-12	33	5
Biology Education BSED	Initial Certification: Biology 9-12	10	1
Business Education BSED	Initial Certification: Business Education 9-12	12	1
Chemistry Education BSED	Initial Certification: Chemistry 9-12	7	3
Early Childhood Special Education Minor	Initial Certification: Early Child Special Education B-3	36	15

Early Childhood Education BSED	Initial Certification: Early Childhood Education B-3	238	77
Elementary Education	Initial Certification: Elementary 1-6	369	87
English Education BSED	Initial Certification: English 9-12	59	10
Health Education Minor	Initial Certification: Health Education K-12	11	2
Instrumental Music Education BME	Initial Certification: Music – Instrumental K-12	32	1
Marketing Education Minor	Initial Certification: Marketing 9-12	1	0
Math Education BSED	Initial Certification: Mathematics 9-12	33	3
Middle School BSED (Math 5-9)	Initial Certification: Mathematics 5-9	11	6
Middle School BSED (Social Science 5-9)	Initial Certification: Social Science 5-9	5	3
Middle School BSED (Language Arts 5-9)	Initial Certification: Language Arts 5-9	4	1
Middle School BSED (Science 5-9)	Initial Certification: General Sciences 5-9	6	1
Physics Education BSED	Initial Certification: Physics 9-12	8	2
Physical Education BSED	Initial Certification: Physical Education 9-12	78	12
Social Science Education BSED	Initial Certification: Social Science 9-12	3	3
Spanish Education BSED	Initial Certification: Spanish K-12	13	5
Special Education: Cross Categorical	Initial Certification: Mild/Mod Cross Categorical K-12	74	17
Speech/Theater Education BSED	Initial Certification: Speech and Theatre	20	3
Vocal Music Education BME (Piano)	Initial Certification: Music-Vocal K-12	3	0
Vocal Music Education BME (Voice)	Initial Certification: Music Vocal K-12	17	3
	Total for programs that lead to initial credentials	1238	295

Added or Discontinued Programs

Any programs within the AAQEP review that have been added or discontinued within the past year are listed below. (This list is required only from providers with accredited programs.)

Added Programs:

- Master of Science in Education Educational Diagnostician (Online and on-ground)
- 2 Year Certificate Alternative Graduate Certification (Online version)
- Master of Science in Education Special Education with Certification (Online)
- Central Office/Superintendent District Level Certificate
- Central Office/Special Education District Level Certificate

Discontinued Programs:

• n/a

3. Program Performance Indicators

The program performance information in Table 2 applies to the academic year indicated in Table 1.

Table 2. Program Performance Indicators

A. **Total enrollment** in the educator preparation programs shown in Table 1. This figure is an unduplicated count, i.e., individuals earning more than one credential may be counted in more than one line above but only once here.

All ed majors, all levels, enrolled at some point in 2022-2023: 3354

B. **Total number of unique completers** (across all programs) included in Table 1. This figure is an unduplicated count, i.e., individuals who earned more than one credential may be counted in more than one line above but only once here.

Number to be carried over from table 1 – 1078

C. Number of recommendations for certificate, license, or endorsement included in Table 1.

Number to be carried over from table 1 APR - 467

D. **Cohort completion rates** for candidates who completed the various programs within their respective program's expected timeframe **and** in 1.5 times the expected timeframe.

Most Northwest programs are four-year programs, and their expected time frame is four years, and 1.5 times that is six years. Northwest only collects data for six-year graduation rates as indicated in the table below.

Program Six-Year Graduation Rates									
Program	Cohort Year	Percentage who graduated in the same major	Percentage who graduated from the university	Total Number of Students in Cohort (n)	Total who graduated in the same major (n)	Total who graduated from the university (n)

E. **Summary of state license examination results**, including teacher performance assessments, and specification of any examinations on which the pass rate (cumulative at time of reporting) was below 80%.

The following table includes summary pass rate information for <u>the appropriate MOCA</u>, <u>the Missouri state licensure exam</u>, organized by program. Raw data disaggregated by program and state licensure exam is available <u>here</u>.

Group	Number Taking Test	Number Passing Test	Pass Rate
All program completers, 2021-22	204	190	93%
All program completers, 2020-21	213	204	96%
All program completers, 2019-20	216	192	89%
All program completers, 2018-19	204	195	96%
All program completers, 2017-18	158	153	97%

Summary Pass Rates – MEGA Content Assessments (MOCA) at Northwest Missouri State University

The current data was reported in Spring 2023 and reflects for some completers a first attempt pass rate. Many candidates who did not pass their licensure exam on the first attempt will pass on a second attempt, which will be reported in next year's spring report and be updated in next year's AAQEP annual report. (Last year's 2020-21 cohort pass rated changed from 94% to 96% after additional students passed their licensure exam.)

F. Narrative explanation of evidence available from program completers, with a characterization of findings.

The <u>Missouri Department of Secondary and Elementary Education (DESE)</u> has developed <u>a suite of six surveys</u> educators complete in their first year of employment, which DESE has been collecting since the 2015-16 academic year. These surveys were designed to evaluate the quality of program impact on the field and provide data to providers to support continuous improvement.

Data from the <u>First-Year Teacher Survey (FYTS)</u>, taken from teacher from 2023 (completers from 21-22 academic year, first year of teaching in 22-23 academic year) indicates that Northwest completers report their **strongest** areas of preparation included being "prepared to promote respect for diverse cultures, genders, and intellectual/physical abilities" (question 27) and being "prepared to foster positive student relationships" (question 22).

FYTS Question	Northwest Teacher Mean (1-5 scale)	Missouri Statewide Teacher Mean (1-5 scale)
27.) I was prepared to promote respect for diverse cultures, genders, and intellectual/physical abilities	4.41	4.24
22.) I was prepared to foster positive student relationships.	4.59	4.36

First-Year-Teacher Survey data indicates that Northwest completers report their **weakest** areas of preparation include being "prepared to manage a variety of discipline issues" (question 19) and being "prepared to modify instruction for English language learners" (question 8). These weaknesses both align to the data collected from completers, as described in the previous page. While these are weaknesses that Northwest continues to address, it is also worth noting that these data remain comparable with state averages.

FYTS Question	Northwest Teacher Mean (1-5 scale)	Missouri Statewide Teacher Mean (1-5 scale)
19.) I was prepared to manage a variety of discipline issues.	3.32	3.35
8.) I was prepared to modify instruction for English language learners.	3.26	3.28

Complete first-year-teacher survey data for 2022 is available via this link; previous year's data is available via this link.

G. Narrative explanation of evidence available from employers of program completers, with a characterization of findings.

In addition, <u>the First-Year Teacher Survey by principals (FYTS)</u>, <u>taken by principal</u> is completed by principals assessing Northwest teachers following their first year on the job. This data from 2023 (completers from 21-22 academic year, first year of teaching in 22-23 academic year) indicates that Northwest completers' employers report Northwest completers' three **strongest** areas of preparation include being ""prepared to foster positive student relationships" (question 22, which corroborates the data from the section above from the completers' survey), being "prepared to use technology to enhance student learning (question 15)," and being "prepared to use technology as a communication tool (question 27).

FYTS Question	Northwest Principal Mean (1-5 scale)	Missouri Statewide Principal Mean (1-5 scale)
21.) The teacher was prepared to foster positive student relationships.	4.44	4.21
15.) The teacher was prepared to use technology to enhance student learning.	4.36	4.02
27.) The teacher was prepared to use technology as a communication tool.	4.36	4.13

First-Year-Teacher Survey of principals' data indicates that the two **weakest** areas of Northwest completers' preparation include being "prepared to modify instruction for English language learners" (question 7), being "prepared to modify instruction for gifted learners" (question 8). These weaknesses both align to the data collected from completers, as described in the previous page.

FYTS Question	Northwest Principal Mean (1-5 scale)	Missouri Statewide Principal Mean (1-5 scale)
7.) I was prepared to modify instruction for	3.74	3.50
English language learners.		
8.) I was prepared to modify instruction for	3.76	3.57
gifted learners.		

Complete first-year-teacher survey data for 2022 is available via this link; previous year's data is available via this link.

H. Narrative explanation of how the program investigates **employment rates for program completers**, with a characterization of findings. This section may also indicate rates of completers' ongoing education, e.g., graduate study.

Northwest collects **post-graduation outcomes data** annually from its graduates across all academic schools and departments. At the end of each academic semester, graduates have the option to report their post-graduation status via an electronic survey that is emailed on a rolling schedule via the Office of Institutional Research. The graduate has the option to select from a variety of post-graduation statuses including employed, continuing education, post-graduate internship, seeking employment, military services, and not employed and not seeking. If the graduate indicates an employed/post-graduate internship status, they are asked to indicate the job title, company, city, and state of the employers as well as the starting salary.

Graduates continuing education are asked to disclose their program of study and institution they plan to attend. Military services status request branch and rank. Students who indicate they are seeking employment after graduation are contacted via email or phone to determine how Career Services can best aid them in their job search. Five months after graduation, the responses are totaled, and Career Services conducts additional social media and faculty reach-outs to determine whether new graduates have shared employment information in these public venues. If no response is received within six months after graduation, the designation of no response is entered into the report.

Because of this longitudinal process, data is delayed; the data below is post-graduation data from 2020-21 completers. The 2020-21 Northwest Placement Outcomes Report can be found <u>here</u>. Prior year reports can be found <u>here</u>.

5. Notes on Progress, Accomplishment, and Innovation

This section describes program accomplishments, efforts, and innovations (strengths and outcomes) to address challenges and priorities over the past year.

- Northwest conducted two PEU-wide retreats over that past year with its faculty, sharing and aligning program curriculum, emphasizing dispositions assessments, state testing and admission changes as we strive toward continuous improvement.
- Northwest faculty conducted research and presented at numerous conferences.
- Northwest continued into its second year a grant project designed to improve retention for 25 candidates with significant financial need. The grant provided funding to students as well as mentorship: each participant was matched to two mentors, one on campus and one out in the field, with whom they meet regularly as participants work toward graduation. This work continues into the 23-24 academic year.
- Northwest faculty continues to be involved in national-level AAQEP service: participation in annual AAQEP symposium, four faculty/staff members in the past three years have participated as AAQEP site visit team members/leads for other institutions.
- The DESE annual performance report determined that every Northwest program met or exceeded the expectations for state credentialing.
