Leader Standards

MISSOURI'S EDUCATOR EVALUATION SYSTEM
Introduction

The Missouri Leader Standards convey the expectations of performance for professional leaders in Missouri. The standards are based on the national Interstate Leaders Licensure Consortium (ISLLC) Standards which emphasize the leader as a competent manager and instructional leader who continuously acquires new knowledge and skills and is constantly seeking to improve their leadership practice to provide for high academic achievement for all students. Thus these standards recognize that leaders continuously develop knowledge and skills. Therefore the Missouri Leader Standards employ a developmental sequence to define a professional continuum that illustrates how a leader’s knowledge and skills mature and strengthen throughout their career. Professionals in school leadership positions are expected to exercise good professional judgment and to use these standards to inform and improve their own practice.
