**Distinguished Lecture Series**  
With the support of the Provost's Office, the Office of Campus Activities would like to invite you to attend lectures offered from individuals around the globe. These scholars, world travelers, and leaders in their field visit the Northwest campus in order to share their wisdom, insight and experience.  
Through the Distinguished Lecture Series, we are able to enhance the academic environment through individual disciplines and interdisciplinary topics. An education in the arts and the world is deepened by regular contact with the work of distinguished visiting artists, journalists, authors and other invited guests.  
We invite you to learn, participate and be a part of our annual!
