

This Four-Year Plan is meant to supplement your **Degree Audit**. You should work with your academic advisor on a regular basis for individual academic planning.

GEOG 32101, GEOG 32102, and MATH 17114 fulfill Northwest Core requirements as well as requirements in the major, but the credit hours may only be counted once toward the **120 credit hours needed for graduation**. General Electives are needed to reach the graduation credit hour requirement.

Comprehensive majors do not require minors.

Advanced Geography courses should be chosen with Advisor counseling.

**Milestone courses** are courses which, if not taken in the appropriate semester, can delay graduation. Milestone courses are denoted in yellow below.
