Ensemble Auditions

Ensemble auditions will take place Sunday afternoon during the registration time and as notated on the schedule.

Auditions for band students will be held to determine chair placement in ensembles, and will consist of:

1. Major scales (chosen by the person listening to your audition) with key signatures up to four flats
2. A full range chromatic scale (at the student's current ability level)
3. A BRIEF excerpt (two phrases maximum) from a solo of the student's choosing
4. And a BRIEF excerpt (maximum two lines) from an etude of the student's choosing

If your solo is slow and melodic, choose a technical etude that demonstrates your technical facility, or vice versa. Younger and less experienced musicians may use material from a band method or technique book used in their regular school band class. Check with your band director to make sure the material you choose is appropriate!

Choir participants will have a placement audition on Sunday during check-in time as well. You do not need to bring prepared materials for the placement audition.

Students interested in performing in the jazz ensembles will need to audition on the instrument for which they would like to play in jazz ensemble. If possible, the student should prepare a piece from the jazz idiom for audition, however, the audition may also include sight-reading and/or improvisation.

Talent Show Auditions

Talent show auditions will take place on Monday after dinner. Students who are interested in performing on the student talent show should arrive prepared to audition. Please make sure to bring all necessary equipment for your talent show performance. (music, accompaniment CD, etc.) ***Please note, any accompaniment CD must be playable in a standard CD audio player.***
