If you have answered yes to the questions above, these are the next steps in the process:
1. Work with Career Services and the Human Resources office to develop a job description.
2. Collect applications, interview and hire just like you do for student employment.
3. Monitor intern and provide regular feedback and guidance (see template on MyNorthwest).
4. Provide an end of program performance review and complete any paperwork needed for academic credit internships (see template on MyNorthwest).

If you have any questions along the way, please contact Internship Coordinator Travis Kline at (660).562.1455 or tkline@nwmissouri.edu
