## Introduction

As an educational institution that strives to prepare students for successful careers, it is important to continuously evaluate the post-graduation status of Northwest Missouri State University's graduates. Career Services surveyed the previous academic year graduates and organized the data to provide Northwest stakeholders with a near accurate view of "first destination" employment and continuing education statistics. The data reported is six months after graduation (industry standard).

## Methodology

### *Information Collected*

Graduates are initially asked to verify general demographic information. All changes are noted in the University's database software for future interactions with them as alumni clients. In the second section of the survey, candidates share their post-graduation status (employed, continuing education, seeking employment or other). If the graduate indicates an employed status, he or she is asked to indicate the job title, name and address of employer and starting salary. Graduates continuing their education are asked to disclose the program of study and institution they plan to attend. The "other" category includes individuals actively choosing to neither seek employment nor continue their education. These graduates are frequently participating in post-graduation internships. Career Services continually attempts to contact all "seeking" to offer job search assistance. The final section of the survey is a collection point for the Alumni Office. The graduate self reports each activity or organization he or she was involved in while attending Northwest.

### *Data Collection Method*

The placement information contained herein was obtained through an extensive six-month process. The process was initiated prior to "cap & gown" pick-up with an email asking graduates to complete an online survey. A hardcopy document is available at "cap & gown" and supplemented with another email to on-line only graduates and those not participating in the graduation ceremony. For those graduates not captured at commencement and for those who had previously indicated they were seeking employment, a follow-up email is sent at four months. If no response is received by six-months post graduation an effort is made to connect via two telephone attempts. An email is also sent to the faculty advisor in the event the new graduate has shared post-graduation data with him. At this time, any students not responding are not calculated into the report.

### *Data Analysis*

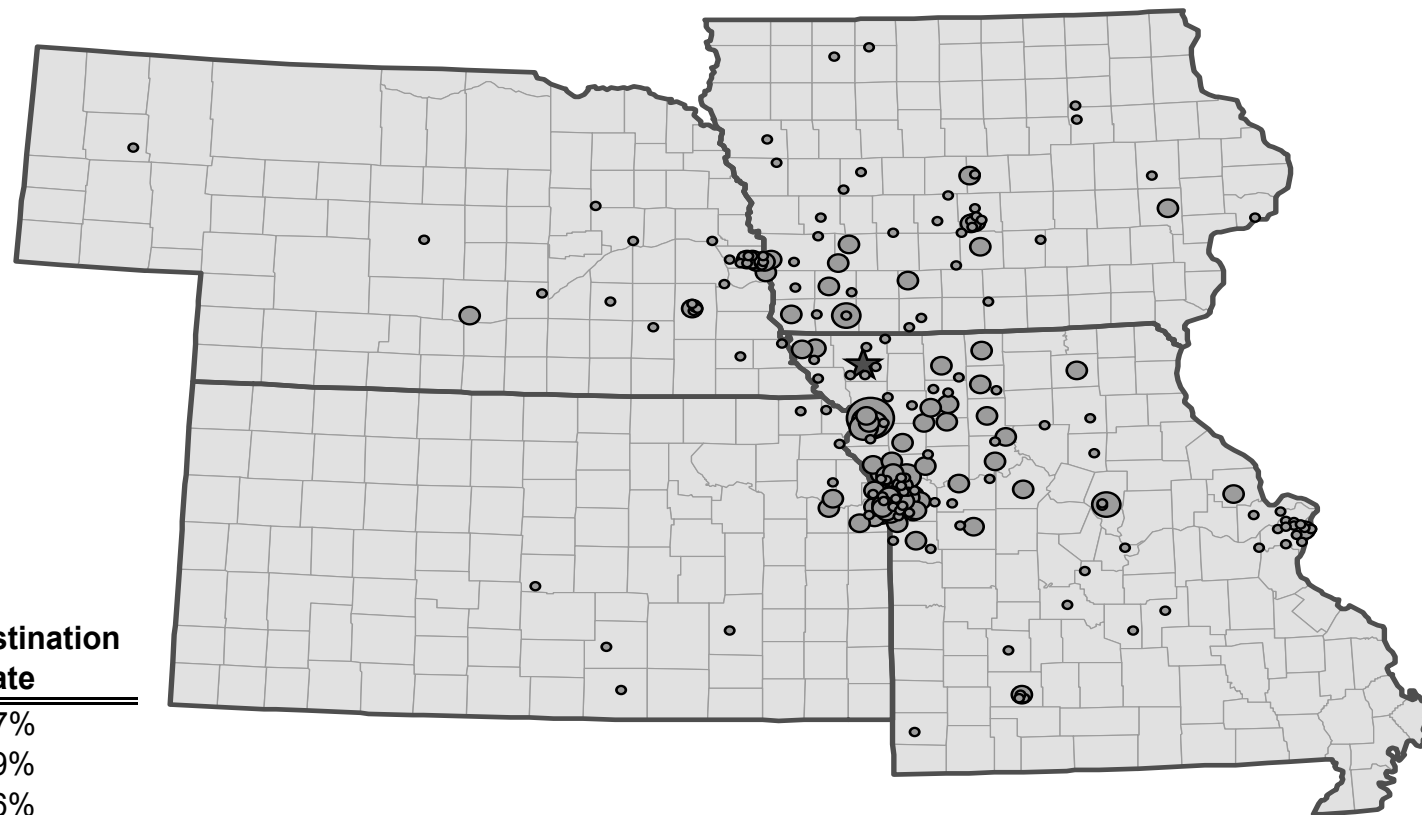

Undergraduate and Master degree data were analyzed separately. The data is further divided by college, department and major. Totals are calculated for each major, department and college for the entire academic year. In accordance with FERPA guidelines, graduate responses are reported without disclosing the individual's identity.

### Major(s)

**Response to:** "We welcome your comments or suggestions for new graduates seeking a job with your major in your field."

Art	Chris Graves is awesome. Wouldn't recommend taking a full load of ALL art courses. Create every piece knowing that you want to add it to your portfolio to impress employers.
Art	Don't hold back!
Art	Expand expectations for jobs and career.
Art	Get internships early!
Biology/Psychology	Apply to physician assistant schools early!
Biology/Psychology	Use resume critique!
Biology/Psychology & Psychology	Stay open to opportunities, and strive for the best. Utilize friends, family, and faculty when networking. Visit Career Services when you need assistance.
Biology: Cell/Molecular Emph	Don't wait until sophomore year; start networking and looking for internships freshman year.
Biology: General Biol Emphasis	Look in to Grad programs & jobs your junior year.
Biology: General Biol Emphasis	Work hard. Studying will pay off, build resume. School is everything. Great in school=great job. Great work ethic.
Biology: General Biol Emphasis	You may be unsure of how competitive your science classes are. I can tell you that Northwest provides quality classes; I'm excelling at a top 15 graduate school.
Biology: Zoology Emphasis	Internships and Volunteering are really important!
Business Education	Had a GREAT 4 years.
Business Technology	Know what you want to do; have a focus.
Business Technology	Expand your horizons, things aren't always how you think.
Business Technology	Must have higher than a 3.0 GPA if you want to be an Accountant
Chemistry	Work hard. Studying will pay off, build resume. School is everything. Great in school=great job. Great work ethic.
Chemistry	A class that focused on career opportunities for chemistry majors would be fantastic.
Clinical Laboratory Sciences	Hospitals accept you a year in advance. Advertise the program better.
Computer Science	Do more internships must learn in the real world ** more important than school...get results
Computer Science	Look into other languages & do in depth projects
English Education	Do everything you can to get to know the principal of your student teaching school!
Geography & Psychology	I've enjoyed every moment here at Northwest. I entered Northwest as an undeclared student. I was able to quickly wrap up my general education requirements. I can remember sitting in a general education course that led me to one of my double majors- geography. Geography is a broad field that allows the student to take away many skills. However, geography wasn't my only interest. I had another passion psychology. Psychology was my minor until I decided why not do a double major? With the help of my advisors I've accomplished so much. My advice to all students is take the time to visit your professors during their office hours. Get to know these individuals, they are here to help. I cannot thank Dr. Matthew Engel and Dr. April Haberyan enough for all the encouragement and advice they have given me over the past years while here at Northwest. Northwest Missouri State University has become my family. I truly cannot believe graduation is here.
Geology: Environmental	Don't wait to look for graduate school funding!

Realignment from 19 departments to 11

## College of Arts and Sciences

### Major(s)

**Response to:** "We welcome your comments or suggestions for new graduates seeking a job with your major in your field."

History	My Masters degree does not relate to my major- find your passion and go for it!
IDM: Computer Sci Programming	Get an internship!
IDM: Visual Imaging	Chris Graves is awesome. Wouldn't recommend taking a full load of ALL art courses. Create every piece knowing that you want to add it to your portfolio to impress employers.
IDM: Visual Imaging	Make a good resume, network, attend career fairs, pick a good internship.
IDM: Visual Imaging	Start internship search early!
IDM: Visual Imaging	Try to get two internships. One that's on campus and one that is off campus. Also, take summer classes, that is how I graduated in 3 and a half years.
Instru Music Educ/Non Piano	Gain experience in both instrumental and vocal even if you are double-majoring.
Marine Biology	Definitely seek an internship prior to graduation. Experience makes all the difference!
Marine Biology	Take advantage of Career Services and be involved- use all your resources given.
Mathematics Education	Take opportunities to internship through NW
Music	It is hard to find a position within music; be prepared to accept a job outside of music.
Music	My goal was always education and teaching music. The summer after my junior year, I realized teaching is not what I wanted to do, but I was too close to the end of my degree to change my major. After a lot of thought and consideration, I decided to pursue Target as a career. I have worked for Target for five years and have always enjoyed working there. After completing the interview process, I was offered a job in February, leaving me three grueling months in Maryville.
Philosophy	Go with your heart and not the hearts of others.
Political Science	Get an internship.
Social Science	Be flexible, you may have to take a job you don't want initially to get your foot in the door.
Social Science	Be prepared to fill out a lot of applications- keep an open mind.
Social Science	The B.S. in Social Science Education is incredibly demanding but highly rewarding. The classes are appropriately challenging with professors who are encouraging and expectant. I would suggest this major to anyone who eagerly awaits challenges, has a passion for social studies, and, most importantly, has the desire to guide young people in a successful future.
Social Science	The College of Edu. does not give you a very good road map. Be prepared to ask a lot of questions and to jump through unforeseen hoops. Thankfully the Northwest name helps to separate us from the rest of the pack.
Spanish	Study Abroad
Speech/Theatre Education	Get as many internships as you can.
Vocal Music Educ/Voice	Use Northwest opportunities such as resume critiques; it takes fifteen minutes and will impact the rest of your life.
Wildlife Ecol & Conservation	Make sure you're ready to move right after graduation.

## Booth College of Business and Professional Studies

### Major(s)

**Response to:** "We welcome your comments or suggestions for new graduates seeking a job with your major in your field."

Accounting	Must have higher than a 3.0 if you want to be an accountant.
Accounting	Take advantage of resources from Career Services.
Accounting	Accounting is a challenging major, but I like it.
Accounting	Participate in an internship. Start job searching early (at least 6 months before graduation).
Advertising	Have Jacquie Lamer as an advisor!
Agricultural Business	Get a job before you graduate.
Agricultural Business	Internships are very important and can lead to getting a job after school
Agricultural Business	Learn all you can.
Agricultural Business	Network, get out and meet and get to know anyone and everyone you can and opportunities will come
Agricultural Education	Career Services is a great resource!
Agricultural Education	Do not waste time when applying for jobs. Get those applications done ASAP! Attending Career Day in Bearcat Arena can help you network with schools even if they do not have an opening just yet. Letting them see your face makes a huge difference!
Agricultural Science	Do internships! They are wonderful experiences.
Agricultural Science	Internship, Internship, Internship...
Agronomy	Do internships.
Agronomy	Keep your options open!
Animal Science & Agricultural Business	You need to advance the AG department through more hands on experience with students
Applied Advertising	Network before you graduate!
Broadcasting	Do something to challenge you; have passion, don't just major in what you think will be easy.
Broadcasting	Get as much experience as you can while still in school.
Broadcasting	I am so thankful for Career Services. The resources they offer are the reason I have a job waiting for me. I spoke with my employer at Career Day, then interned, and they offered me a full time job.
Broadcasting	It's hard, but don't give up until you get your job.
Broadcasting	Seek out resources and Career Services; everyone should go at least once.
BT - Agriculture	Participate in Career Day and Mock Interview Day
BT - Agriculture	Stick with it and work hard. Don't get discouraged if you don't find a job right away.
Business Management	Get help with Career Services!
Business Management	I have been employed with Donning since 2006. Earning my degree I was able to become a supervisor within the company.
Business Management & Marketing	Best of luck
Business Management & Marketing	Do an internship!
Business Management & Marketing	Get as much experience as possibly can

Realignment from 19 departments to 11

## Booth College of Business and Professional Studies

### Major(s)

**Response to:** "We welcome your comments or suggestions for new graduates seeking a job with your major in your field."

Business Management & Marketing

Go to Career Day!! That is where I met my employer.

Business Management & Marketing

Graduate!

Business Management & Marketing

Have an Internship. It should be required!

Business Management & Marketing

I obtained a second interview after an on-campus mock interview. After that second interview, I was offered a job with Cerner. Without Mock Interview Day, it would have been a 6 month process to get hired with Cerner. Mock Interviews cut out all of the initial phone interviews, and got right to an on-site interview in Kansas City.

Business Management & Marketing

Internships are huge. Have as much experience as you can.

Business Management & Marketing

Learn to communicate and adapt quickly!

Business Management & Marketing

Start the job search early!

Business Management & Marketing

Take advantage of the resources early.

Business Management & Marketing

Try to get an internship.

Finance: Corporate Finance

Once a Bearcat, always a Bearcat!

Finance: Financial Services

Aim for the top right off the gate.

Finance: Financial Services & Finance:  
Financial Management

Get experience in the financial sector.

Horticulture

Focus more on spanish speaking

IDM: New Media

Network before you graduate. Do everything on campus.

International Business & Spanish

Study hard, study abroad, have fun, get experience- you get out of it what you put into it.

Journalism

Be patient. Not everything comes right to you. Get your foot in the door.

Journalism

Go to class

Journalism

Just because you are a journalism major doesn't mean you need to be a reporter. Network and market yourself, get yourself out there.

Journalism

Keep your options open!

Merchandising-Tex Apprl Furn

Do as many internships as you can!

Speech Comm/Org Comm

Seek out resources and Career Services; everyone should go at least once.

Public Relations

A great way to apply your skills is to get an internship that is centered around PR!

Public Relations

Don't be afraid to go out of your comfort zone!

Public Relations

Freshman video said go to resume critiques and Mock interview day - go! That video was right!

Public Relations

Get involved in many organizations as you can, they add great experience! Get involved with the paper or yearbook. Be willing to relocate for internships.

Public Relations

Internships are the bomb.

Public Relations

Network. It's about who you know

Public Relations

Take electives through different departments instead of all through the communications department.

Business Economics & Statistics:  
Actuarial Science

Career Day is where I met my employer!

Realignment from 19 departments to 11

## College of Education and Human Services

### Major(s)

**Response to:** "We welcome your comments or suggestions for new graduates seeking a job with your major in your field."

Elementary Education

All of my references helped in getting my current job.

Elementary Education

Apply earlier than you think. Use Mock Interview Day.

Elementary Education

Apply early!

Elementary Education

Apply everywhere; be willing to move.

Elementary Education

Be very on top of the classes you need to take and when; Honors Program if you can!

Elementary Education

Don't give up! Keep sending applications!

Elementary Education

Education Expo landed me the job.

Elementary Education

Go to class!

Elementary Education

Hang in there! Career Services did a wonderful job getting me to this point.

Elementary Education

If you go to big city schools, be prepared for different interview styles.

Elementary Education

Keep up with studies because it is hard to climb out of that hole. Also, look for jobs that are in demand when choosing a major.

Elementary Education

Mock Interviews help a lot!

Elementary Education

Practice interviewing

Elementary Education

Specify common course!

Elementary Education

Try international student teaching, very life changing experience.

Elementary Education

Try to student teach at a school you would really want to work at and get involved with all of the opportunities available. This really helps get your foot in the door! I feel so blessed to be teaching at such a great school next year!

Elementary Education

Utilize any mock interview opportunities! I only had one mock interview prior to having my first real interview and the preparation provided by the single mock interview in itself was helpful. Starting the year before you graduate is probably best. Additionally, the preparation for interviews and specific requirements for individual school districts that was provided by the School & Society course was so worthwhile, beneficial, and relevant to all I would come to experience.

Elementary Education & Special  
Educ:Cross Categorical

Don't be afraid to apply in other states because Missouri standards are higher.

Foods & Nutrition: Dietetics

I really think this prepared me for my future.

Middle School

Seek information about transferring your teaching license to other states.

Physical Education

Get a minor in something

Physical Education

Just finish...there is always something out there

Physical Education

Keep your eyes and options open.

Psychology

Don't expect to make a lot of money.

Psychology

Apply everywhere to get your foot in the door.

Psychology

Get into Grad school right away. Take every opportunity you can.

Psychology

I hope that everyone can take away as much as I have in the years spent at Northwest.

Realignment from 19 departments to 11

## College of Education and Human Services

### Major(s)

**Response to:** "We welcome your comments or suggestions for new graduates seeking a job with your major in your field."

Psychology	I would begin thinking about post-graduation plans beginning the summer after your sophomore year. I also HIGHLY recommend taking the course Career Paths and Preparations either your sophomore or junior year - it is a very beneficial course and will help with any questions you may have about plans after graduation. Utilize Career Services and their resources! Their resume critique was very helpful and reassuring.
Psychology	If you are going to graduate school, apply early.
Psychology	Look for opportunities for experience as a sophomore or junior, don't wait until it is too late!
Psychology	Northwest is an awesome place to learn. I love my major, psychology. The professors and classes are great. The best thing about Northwest is the people. There is always someone new to meet and everyone is really friendly.
Psychology/Sociology	Being able to have my resume critiqued and doing a mock interview both with Mrs. Schneider certainly prepared me for a couple of job interviews. Also, Mrs. Schneider's presentation to our Career Path Class was invaluable. Thank you again for all your hard work!!
Psychology/Sociology	Get application done way in advance for grad-programs
Psychology/Sociology	Get relevant work experience.
Psychology/Sociology	Recommend doing an internship.
Psychology/Sociology	Take the GRE and apply early!
Recreation: Rec & Park Mgt	ANYBODY: Keep an open eye and be prepared to learn anything
Recreation: Rec & Park Mgt	Make sure you love it!
Recreation: Therapeutic Rec	Apply for internships and jobs early! Resume Critiques=take advantage!
Recreation: Therapeutic Rec	Double check with advisors to guarantee late certification.
Recreation: Therapeutic Rec & English	When I was graduating high school, I had this idea in my head that college would be a four year experience that would change my life. Six years later, I have come to realize that I was only half right. These past years have shaped and defined the meaning of my life and the hopes for my future. Graduating does not mean leaving everything you have come to know and love behind; we take away experiences and memories that will stay with us for the rest of our lives. No matter where the future takes us, we are Bearcats now and forever.
BT - Other	Keep looking forward!
Child and Family Studies	Be prepared
Child and Family Studies	I came to Northwest as an Early Childhood major and switched to Family and Consumer Sciences in my Sophomore year. I found it easy to switch and the transition was fairly easy since a lot of my Education classes substituted in. Northwest is great when it comes to helping their students do the best that they can and the FCS department was like my second family we were all so close. I have had a wonderful experience at Northwest and do not regret choosing to come to Maryville for college. Go online to Missouri Government website to look for jobs. EAS program is very helpful.
Family & Consumer Sci Educ	Don't be picky, pick the first one that comes.
Family & Consumer Sci Educ	Use Career Services and all the great services they provide.
Family & Consumer Sci Educ	Well since my major is being cut, there is nothing to say.
Sociology: Social Control	Get internship

### Major(s)

Response to: "We welcome your comments or suggestions for new graduates seeking a job with your major in your field."

Biology	Internships, they will help you more than you know!
Geographic Information Science	Great Program, helped get better job. Excellent teachers!
Applied Computer Science	Doing masters at Northwest is a good experience. Learned many things. There are many student activities in the university. Enjoyed my stay in Maryville. Will surely miss it.
Applied Computer Science	Good course structure.
Applied Computer Science	Good experience with Northwest.
Applied Computer Science	Good major, companies are growing.
Applied Computer Science	Great course work!!!
Applied Computer Science	Internships are very valuable. We need more exposure, more opportunities.
Applied Computer Science	Interview skills, prepare! Study well, do your research.
Applied Computer Science	It's better to attend Career Day.
Applied Computer Science	It's very much helpful to approach Career Services from the beginning.
Applied Computer Science	Love the work they do.
Applied Computer Science	Nice to be a part of Northwest Missouri State University.
Applied Computer Science	Northwest is the best place in my life which helped me to sharpen my skills both technically & personally. It provided me with wonderful services as part of my studies. Of all Career Services department meant a lot to me. They are so kind, prompt, helpful in answering my questions that boggled in my mind, guiding me to choose the best path in my career. My professors were really cool in teaching latest stuff and I like my department. I found amazing, crazy and wonderful friends for the rest of my life. Be yourself, meet new people, explore new things, ask questions, never feel shy and don't miss the fun.....that's what I learned in my graduation....Good Luck...:-) Aim high... Stars are the limit... Smile always... Hasta la Vista...!!
Applied Computer Science	Northwest provides good classes and projects really help
Applied Computer Science	Please take advantage of Career Services. Start your job search early
Applied Computer Science	Practice a lot; have lots of practical experience.
Applied Computer Science	Use resources specifically Career Services. More students should use these services.
Applied Computer Science	Visit Career Services, that is the key to success.

## Booth College of Business and Professional Studies

<u>Major(s)</u>	<u>Response to:</u> "We welcome your comments or suggestions for new graduates seeking a job with your major in your field."
Agriculture	This has been a great experience and I definitely encourage those pursuing further education to do so.
MBA	Do an internship or two. They help you network to full-time employment.
MBA	Don't be looking for the pay right off the bat, there's room for growth.
MBA	Enjoyed NW a lot!
MBA	Highly recommend NW's program. Very successful.
MBA	NW is fantastic! Great online program!
MBA	St. Joe center goes fast, still glad I have the degree even though my job isn't related. Great experience!
MBA	Take advantage of the opportunities Career Services offers! Career Services allows students the opportunity to develop relationships with employers early on in their college career. When you go to apply for jobs and internships later on, this relationship is really important. If it weren't for the opportunities Career Services gave me, I wouldn't have my job today.
MBA	Take full advantage of Career Services, they are very helpful in being prepared for contacting companies. SIFE is a fantastic organization to be a part of, not only do you gain a lot of experience that can prepare you for the work environment but also gain great connections to companies all across the United States that aren't at the Career Fairs at Northwest. I was able to make connections and find my job with Bimbo Bakeries USA in Clifton Park, NY through a SIFE Career Fair.
MBA	Take multimedia courses.
MBA	Wasn't able to get elective last trimester because of class rotation, took it at Pitt State

Response to: "We welcome your comments or suggestions for new graduates seeking a job with your major in your field."

Applied Health Sciences

Didn't feel prepared to know what I am qualified to do.

Applied Health Sciences

The most beneficial and rewarding experience in my program was the internship. I interned at Heartland Regional Medical Center in St. Joseph, MO. I worked as a Wellness Specialist intern for Heartland's Wellness Connections department. It was an educational experience and I do not think I would have enjoyed the program as much without it.

Ed Leadership: K-12

K-12 endorsement- elementary ed. one year, high school 2nd year

Ed Leadership: K-12

Students going into education need to get out of Horace Mann and get better more realistic experience.

Ed Specialist: Principal-Elem

It's enjoyable!

Ed Specialist: Principal-Elem

My graduate work was very rewarding! I found my coursework beneficial in preparing me for my future endeavors. There is no other place I would choose than Northwest, to seek graduate studies.

Educational Leadership: Sec

NW is a great school no matter what center you take your courses. I would recommend to anyone going down the education path.

Health and Physical Education

With budgets you have to be open to all locations

Reading

Don't wait until your last semester to take the Action Research class.

Reading

I got my job with Norborne through Education Expo. Northwest looks awesome on your resume

Reading

Keep contact after an interview.

Reading

Schools cannot afford to "pay" for your additional education...don't do it just for additional money.

Reading

Sp. Ed. is a great field to get into

Special Education

Best to do on campus classes.

Realignment from 19 departments to 11
