Introduction

As an educational institution that strives to prepare students for successful careers, it is important to continuously evaluate the post-graduation status of Northwest Missouri State University's graduates. Career Services surveyed the previous academic year (summer, fall, spring) graduates and organized the data to provide Northwest stakeholders with a near accurate view of "first destination" employment and continuing education statistics. The data reported is six months after graduation (industry standard).

Methodology

Information Collected

Graduates are initially asked to verify general demographic information. All changes are forwarded to and processed by the Registrar for future interactions with them as alumni clients. In the second section of the survey, candidates share their post-graduation status (employed, continuing education, seeking employment or other). If the graduate indicates an employed status, he or she is asked to indicate the job title, name, address of employer and starting salary. Graduates continuing their education are asked to disclose the program of study and institution they plan to attend. The "other" category includes individuals actively choosing to neither seek employment nor continue their education. The Career Services staff continually attempts to contact all graduates disclosing a "seeking" status to offer job search assistance. The final section of the survey is a collection point for the Northwest Alumni Association. The graduate self reports each activity or organization he or she was involved in while attending Northwest.

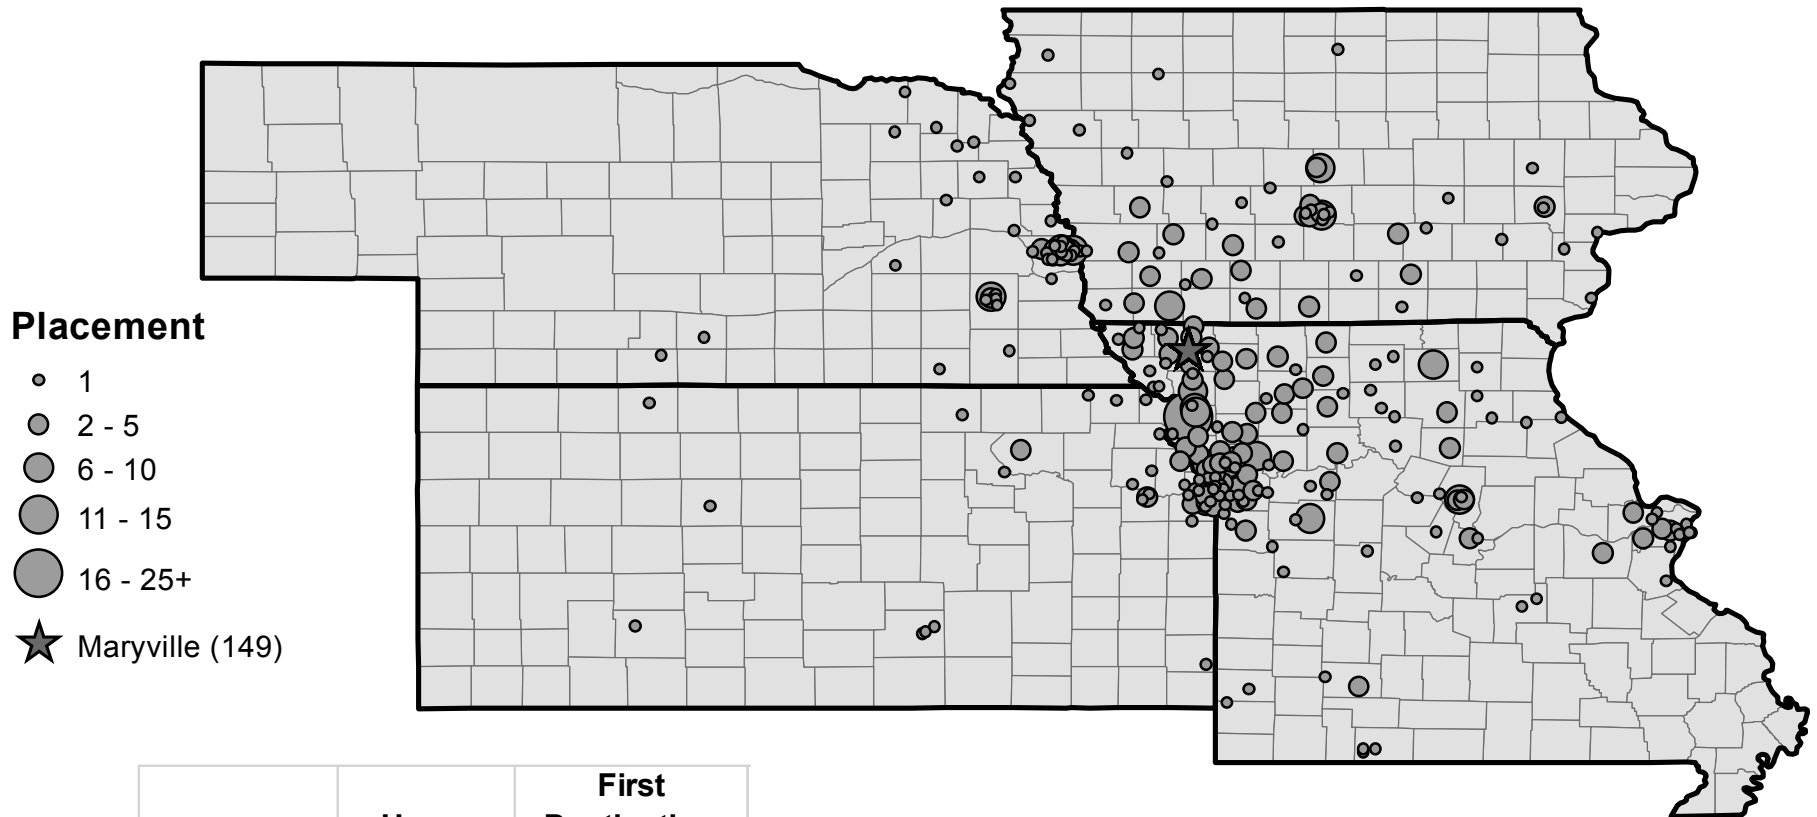

Data Collection Method

The placement information contained herein was obtained through an extensive six-month process. The process was initiated prior to "cap & gown" pick-up with an email asking graduates to complete an online survey. A hardcopy document is available at "cap & gown" and supplemented with another email to on-line only graduates and those not participating in the graduation ceremony. For those graduates not captured at commencement and for those who had previously indicated they were seeking employment, a follow-up email is sent at four months. If no response is received by six-months post-graduation, an effort is made to connect via two telephone attempts. Career Services conducts social media research prior to sending an email to the faculty advisor in the event the new graduate has shared post-graduation data with him/her. Nonparticipants in all aforementioned steps are considered "no responses" and are not calculated into the report.

Data Analysis

Undergraduate and Master degree data were analyzed separately. The data is further divided by college, department and major. Totals are calculated for each major, department and college for the entire academic year. In accordance with FERPA guidelines, graduate responses are reported without disclosing the individual's identity.

Major(s)	Response to: "We welcome your comments or suggestions for new graduates seeking a job with your major in your field."
Art	Photography has a wide variety of opportunities, I chose to start my own business. I have had a great experience in the art department and throughout Northwest's campus. The possibilities are endless and you're only limited by yourself.
Art	The Studio is your friend. Use it.
Art	Take classes related to web coding.
Art	Go to any networking opportunity. It's never too early to start on your job search.
Biology/Psychology	Still do not know what I want to do but get yourself out there and apply!
Biology/Psychology	Start your job search early, don't give up and do not settle.
Biology/Psychology	Start thinking about your plans for after graduation earlier than senior year.
Biology: Ecology Emphasis	Don't close any doors or be afraid to take chances.
Biology: General Biol Emphasis	When going for optometry or any other professional/graduate program, keep your head up when things get tough. I've had to retake a few classes within my major and I was still accepted on my first series application attempts.
Biology: General Biol Emphasis	Research~ I took Managerial Communications with Allison Hoffmann, she was great! Excellent class and faculty.
Biology: General Biol Emphasis	Don't look for opportunities just in the areas around you. Look all over the country/globe.
Biology: Zoology Emphasis	Difficult to find jobs, hardest degree
Biology: Zoology Emphasis	Get internships & real world experiences
Chemistry (ACS Accredited)	Get a job
Chemistry (ACS Accredited)	Know your professors
Chemistry (ACS Accredited)	Stay in school
Communication:Public Relations	Internships are the best opportunities -- utilize that program!
Communication:Public Relations	Take advantage of as many electives as you can to get variety.
Communication:Public Relations	Take internships, even as a freshmen. Utilize Career Services. Visit your department faculty. They are so extremely helpful and have great connections.
Communication:Public Relations	Don't take the first job you apply for!
Communication:Public Relations	Visit Career Services when you are looking for a job
Communication:Public Relations	If you're interested in working for a non-profit organization, check out Ameri Corps.

Agricultural Business	Do as many internships in different areas of your study for the experience!
Agricultural Business	Seek internships- paid or unpaid. The experience is worth it
Agricultural Business	Loved this school and will always recommend it.
Agricultural Business	Take advantage of the resources that Career Services has to offer, they provide a great deal of help to students.
Agricultural Education	<p>I was a transfer student to Northwest and I believe that Northwest was the best decision I could have made with my education. It might have meant moving to a different state away from my family and friends, but Northwest's campus, teachers, and the Maryville community were friendly and welcoming to myself as well as others. I enjoyed taking classes that were hands-on and provided me with ample knowledge that will help me as I prepare for a career in education.</p> <p>The agriculture education department do a phenomenal job preparing students to take part in teaching within a school. We had an excellent education in preparing us for what we might face in a classroom compared to some of my friends at other institutes of higher education. I honestly couldn't be more prepared for my future career.</p>
Agricultural Education	Don't be afraid to ask questions it is an every changing industry.
Agricultural Science	Do internships
Agricultural Science	I have enjoyed my time here at Northwest and wouldn't trade my decision for anything.
Agricultural Science	Do an internship - very beneficial
Agronomy	Recommend internships for all Ag majors
Agronomy	Internships help when you get a real job.
Agronomy	Take different internships
Animal Science	Never give up. Always go for your dreams.
Animal Science	Be willing to step outside your comfort zone.
Animal Science (Pre-Vet)	Northwest is a wonderful school that has allowed me to meet so many great people, get a great education and pursue my dream to become a veterinarian. I would choose Northwest for an undergrad program every day!
Broadcasting	Get an internship
Broadcasting	You can never start looking for a job too early.
BT - Agriculture	Internships! Don't be afraid to learn and meet new people.

IDM: New Media	Start putting portfolio together early. And make sure this is really what you want to do.
IDM: New Media	Unless you are drawn like a moth into their light don't work for an ad agency. It won't be handed to you, but there are jobs out there that really need good people.
IDM: New Media	The program is good at preparing you
Industrial Psychology	Get involved and use Career Services.
International Business	Go to Career Day. Don't just take the first job you're offered.
International Business	Though my first job out of college does not directly relate to my major, International Business, the employment I chose is unlike any other starter job in the fact that I will be traveling around the nation working with undergraduate Phi Deltas to help expand their leadership skills and improve their chapters. My job with the fraternity will allow me to expand my network through the new people I will meet and enhance my communication, presentation and recruitment skills I used during college and my time in my fraternity. I will work in this role for only two years but the experience I will be provided with will help me down the road when I'm looking for employment again in 2016.
Journalism	Get involved with publications, newspaper or campus radio.

Child and Family Studies	the resume critique was very helpful
Elementary Education	Follow your dreams
Elementary Education	Do the Mock Interviews! They really help you build confidence. Every opportunity counts!!!! Take advantage as often as you can!!!!
Elementary Education	Get involved and make yourself known.
Elementary Education	Try student teaching where you want to teach, and apply to be a substitute.
Elementary Education	Start looking for jobs towards the beginning of student teaching.
Elementary Education	Keep applying!
Elementary Education	I am very happy with my job and was hired even before student teaching. I strongly recommend other education majors to substitute teach prior to graduation.
Elementary Education	You have never worked harder in your college experience than you will when you student teach. The harder you work and utilize the concepts that the Department of Professional Education has taught you, the more likely you will have a job when you graduate. Make connections on a personal and professional level with the staff (secretary, principal, other teachers, EVERYONE)! It was these people that pushed the superintendent to make a position for me after I finished student teaching. Their opinion of you can make a difference in what your options are after college.
Elementary Education	Don't give up
Elementary Education	Encourage mock interview and resume critique participation.
Elementary Education	Get involved in everything, especially during student teaching.

Physical Education	More assistance with Mo PTA
Physical Education	If you don't get a full time job right away, try to get a job int he district you're interested with for networking opportunities.
Physical Education	It was a great experience. Had the best professors that taught us a lot of valuable knowledge. However, the best knowledge I received is when I actually student taught. Best learning experience of my life.
Psychology	Read and Study
Psychology	Utilize on campus services
Psychology	Meet with your advisor consistently. Utilize all resources that are provided.
Psychology	I really found mock interviews to be a valuable experience.
Psychology	Work hard, pay attention and try to enjoy every day as a bearcat!
Psychology	Don't quit until you get your master's degree.
Psychology	Get to know the behavioral science professors, they are accessible, friendly, and more than willing to help.
Psychology/Sociology	The best advice I have to give is really focus on gaining all the experience you can in undergrad. Such as internships, volunteering in things that also have nothing to do with your degree. Expanding your interest in different fields is also a plus.
Psychology/Sociology	Go to Career Day
Recreation: Corp Rec/Wellness	Do an internship!
Recreation: Corp Rec/Wellness	Explore options
Recreation: Rec & Park Mgt	Go out and be adventurous

Major(s)	Response to: "We welcome your comments or suggestions for new graduates seeking a job with your major in your field."
Applied Computer Science	Good place to study
Applied Computer Science	All the best to everyone, have a bright future ahead, and stay safe!
Applied Computer Science	Good luck to everyone. Thanks Northwest for the support and love.
Applied Computer Science	Continue in the same manner as you are doing now
Applied Computer Science	NWMSU is an awesome place to study that gives a practical approach to every concept taught.
Applied Computer Science	It was a great experience learning in NWMSU.
Applied Computer Science	I learned a lot at Northwest I am proud to be a Bearcat/ study well and keep grades up.
Applied Computer Science	Be prepared for the employment search before last semester.
Applied Computer Science	Very helpful for Career Day. Need proper guidance for resume.
Applied Computer Science	I feel blessed to be a part of Northwest, work hard guys. Go Bearcats Go.
Biology	Take every opportunity available to you to expand your knowledge and network with people in an out of your field as you never know what the future will bring.
English	I have so enjoyed my season at Northwest Missouri. Working in the writing center, pouring myself into English classes, and interacting with the brilliant and caring professors has been a beautiful experience. I have fallen in love with Literature and creative writing as well as made life-long friendships with those who have inspired me most. Enjoy and soak up your time in the quirky and lovely English department.
Geographic Information Science	Get an internship! Loved the experience at Northwest!
History	Explore any job opening. Sometimes skills you have aquired as a graduate student translate to unrelated fields.

Major(s)	Response to: "We welcome your comments or suggestions for new graduates seeking a job with your major in your field."
Applied Computer Science	Good response
MBA	MBA after a few years of experience. The degree is more relevant then.
MBA	Online allows flexibility!
MBA	It's a good program.
MBA	Make sure you plan accordingly (schedule).
MBA	Speak up and ask questions! Your learning experience will be exponentially better for you, your classmates and your instructors if you verbally and boldly participate in each course. It's your education, make it good!
Tchg: Instructional Technology	I have been a teacher for 9 years now. I just finished receiving my second master's degree, both degrees are from NWMSU. I have enjoyed all of my classes through NWMSU. Both master's degrees had to do with education, but were very different. One was in reading education and the other was in instructional technology.
Tchg: Instructional Technology	Keep at it- your heart has to be in it!
Applied Health/Sport Sciences	Understand it is a broad degree. It's not so easy!
Applied Health/Sport Sciences	Make sure you have a good resume- got job on resume and references.

Major(s)	Response to: "We welcome your comments or suggestions for new graduates seeking a job with your major in your field."
Applied Health/Sport Sciences	Well organized program
Ed Leadership: K-12	Get as much field work as you can.
Ed Leadership: K-12	NWMSU is the best place to pursue a masters degree!
Ed Leadership: K-12	Be open to contact Northwest for assistance.
Ed Leadership: K-12	Good, and was satisfied.
Ed Specialist: Superintendent	My educational experience was extraordinary and I definitely enhanced my learning with value added knowledge through my experiences and collaboration with my peers. I strongly value the plethora of learning that I had the opportunity to be submerged in; meaningful conversations, personable exploration, and pinpointed reflection in order to effectively develop my leadership skills and abilities.
Guidance and Counseling	Lots of transferable skills for people jobs.
Health and Physical Education	Stick with it.
Reading	Don't limit yourself to one specific region for job opportunities.
Reading	It's important to save all documents multiple times in order to have copies for TK20.
Reading	Felt completely prepared and able to do my job.
Reading	Cost of degree is not "relative"-raise doesn't even cover the additioanl loan payment. Had a great UG experience quality of education was good.
Recreation	Loved my experience at Northwest. Sense of "community"
