Introduction

As an educational institution that strives to prepare students for successful careers, it is important to continuously evaluate the post-graduation status of Northwest Missouri State University's graduates. Career Services surveyed the previous academic year (summer, fall, spring) graduates and organized the data to provide Northwest stakeholders with a near accurate view of "first destination" employment and continuing education statistics. The data reported is six months after graduation (industry standard).

Methodology

Information Collected

Graduates are initially asked to verify general demographic information. All changes are forwarded to and processed by the Registrar for future interactions with them as alumni clients. In the second section of the survey, candidates share their post-graduation status (employed, continuing education, seeking employment or other). If the graduate indicates an employed status, he or she is asked to indicate the job title, name, address of employer and starting salary. Graduates continuing their education are asked to disclose the program of study and institution they plan to attend. The "other" category includes individuals actively choosing to neither seek employment nor continue their education. The Career Services staff continually attempts to contact all graduates disclosing a "seeking" status to offer job search assistance. The final section of the survey is a collection point for the Northwest Alumni Association. The graduate self reports each activity or organization he or she was involved in while attending Northwest.

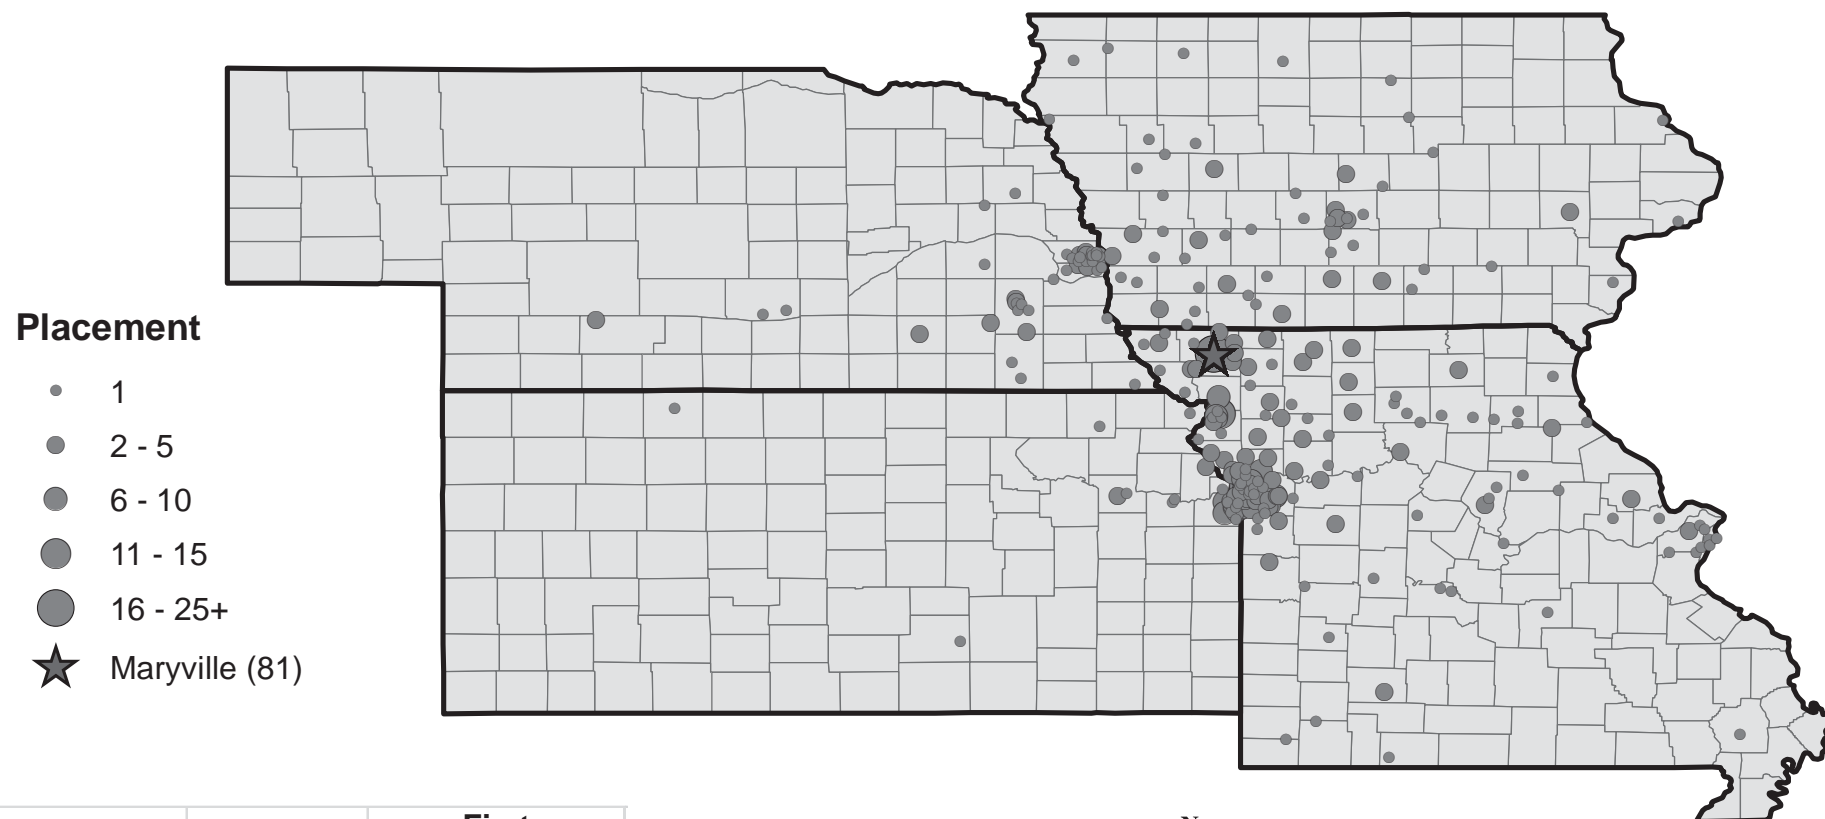

Data Collection Method

The placement information contained herein was obtained through an extensive six-month process. The process was initiated prior to "cap & gown" pick-up with an email asking graduates to complete an online survey. A hardcopy document is available at "cap & gown" and supplemented with another email to on-line only graduates and those not participating in the graduation ceremony. For those graduates not captured at commencement and for those who had previously indicated they were seeking employment, a follow-up email is sent at four months. If no response is received by six-months post-graduation, an effort is made to connect via two telephone attempts. Career Services conducts social media research prior to sending an email to the faculty advisor in the event the new graduate has shared post-graduation data with him/her. Nonparticipants in all aforementioned steps are considered "no responses" and are not calculated into the report.

Data Analysis

Undergraduate and Master degree data were analyzed separately. The data is further divided by college, department and major. Totals are calculated for each major, department and college for the entire academic year. In accordance with FERPA guidelines, graduate responses are reported without disclosing the individual's identity.

College of Arts and Sciences

Major	Response to: "We welcome your comments and suggestions for current students and new graduates with your major, seeking a job in your field".
Art	Network, go to events, get your name out, don't be afraid to ask questions.
Art	Networking and internships are most important for graduates.
Biology: General Biol Emphasis	My degree/connections with NW have not opened any doors. The majority of the professors within my department are incompetent and provide poor/damaging advice. The issue continues when the student follows the advice of their advisor then when the student brings the matter to the attention of the department chair they are told, "advice is just advice". The student just followed the "expert" advice of a university professor and was then reprimanded by the chair for taking the advice they PAY for. I recommend making huge changes within the science department and only hope that the rest of the university does not conduct themselves in the same manor. This phrase has not only been told to myself but also to fellow students. I don't understand why students are required to have an advisor if "advice is just advice" and students "don't have to take the advice" then why is it required? The above statement has nothing to do with my current advisor, he was only made my advisor after the fact.
Biology: Cell/Molecular Emph	Extra activities really count- not just GPA and a major.
Biology: General Biol Emphasis	Go for internships while earning your BA- gain lots of experience.
Biology: General Biol Emphasis	Strive for success and don't let anything get in the way of your dreams. Make sure you get ahead of the game and find out what classes you need to be taking at Northwest in order to get your dream job or to get into your dream school after graduation.
Biology: Zoology Emphasis	Get hands on experience. Even if it is something you are unsure about, do it anyway. Who knows, you may end up loving it! If not, that's okay too -you will have a better sense of where you are heading.
Biology: Zoology Emphasis	Use Career Services for resumes and everything you have a question with
Chemistry	Get on campus jobs and network with teachers.
Chemistry: Medicinal Chem Emph	Use Career Services for resumes and everything you have a question with.
Clinical Laboratory Sciences	Make more science classes that are significant to medical professions.
Comprehensive Crisis Response	I started work at Maryville Public Safety the spring before my Freshman Year (2011), went full-time in April of 2012, and accepted the supervisor position in January of 2014. I will remain with the City of Maryville for the foreseeable future.
Comprehensive Crisis Response	Take advantage of Career Services activities and events. I wouldn't have a job without them.
Computer Science	Find internships as they may lead to jobs.
Computer Science	Got my job through Career Day - there is a reason for it, so make sure you attend!
Computer Science	Start going to Career Day as a freshman even if it's just to network.
English	Figure out what you want to do before graduation!
English	Try to double major or find a concentration; set goals.
English Education	Foreign language would be helpful; watch for certifications.

College of Arts and Sciences (continued)

Major	Response to: "We welcome your comments and suggestions for current students and new graduates with your major, seeking a job in your field".
Geographic Information Science	I felt like the online degree was not as important as traditional students.
Geographic Information Science	Awesome faculty. Very easy to work with. They provide excellent instruction and mentorship.
Geographic Information Science	Do an internship/experience.
Geographic Information Science	Field of exploring.
Geographic Information Science	Internships are very important. Consider a federal job.
Geology: Environmental	Apply early and apply often.
Geology: Environmental	Do an internship if you can, keep your GPA high.
Geology: Environmental	Follow your dreams.
Geology: Environmental	Look early for jobs - don't wait.
Geology: General	Plan for after graduation before you graduate.
GIS: Emergency Mgmt Resp Emph	Try to take cartography at the same time as GIS, they go well together and you will learn it faster.
History	Bring more companies for history majors.
History	Get good internships, a history degree needs Masters degree.
History	Internships are very important for history. Think outside the box.
Marine Biology	Gain research and bio experience before moving to the coast. It helps you over time.
Mathematics Education	Enjoy - it goes much too quickly.
Nursing	College classes online let her learn so much; try Northwest!
Political Science	Use your resources!
Pre-Professional Zoology	Talk with lots. Mind changes a lot.
Public Relations	Don't give up, it took a couple months to find a job.
Public Relations	Get more involved with the industry, organizations, and computing.
Public Relations	Hard to find jobs in small towns - geographic limitations - loved the classes.
Social Science	Don't give up and it gets better.
Theatre	Go somewhere else for musical/concert lighting.
Unified Science: Chemistry	Get on campus jobs and network with teachers.
Wildlife Ecol & Conservation	Supplemental Instructor's are your friend! Take advantage of Career Services and get a lot of volunteer hours.

Major	Response to: "We welcome your comments and suggestions for current students and new graduates with your major, seeking a job in your field".
Accounting	Interact at Career Day, you can potentially find an internship and your future employer.
Accounting	Work while in school - avoid debt. It makes life after college.
Advertising	Get an internship, join AdInk! Opportunities for internships.
Advertising	Make sure you do an internship!
Agricultural Business	Enjoyed Ag Program quite a bit. Made great connections. Travis Stokes was my Freshman Seminar instructor and he did a great job!
Agricultural Business	Get an internship starting freshmen year and try to get one every summer. Also join lots of organizations.
Agricultural Business	Mock Interviews, Career Day, and on campus interviews were very helpful.
Agricultural Business	Northwest has a great program.
Agricultural Science	Get internships
Agricultural Science	I would recommend doing an internship with a company that is in the field you want to be in. I completed an internship with this company and was offered a job on my last day, well worth the time and effort.
Agricultural Science	Use Career Day to meet different employers for experience. Do as many internships as you can.
Agriculture	Do the thesis.
Agriculture	I had a great experience
Agromony	More direct interaction with industry representatives (field trips) to gain exposure to more career paths within a discipline would help to know how to better focus a students studies.
Animal Science	Do internships.
Animal Science	Don't be afraid to branch out.
Animal Science	Don't be too picky with job choices and get your resume out there.
Animal Science	Mock Interviews, Career Day, and on campus interviews were very helpful.
Broadcasting	My job is unrelated to my major, so I don't have much advice. If you want to teach English abroad, make sure you show a true interest in the culture like I did. I was the treasurer of the Korean Student Association and had a recommendation from a professor from Korea, which I'm sure helped a lot.
BT - Agriculture	Ag-Learn to focus on chemicals.
BT - Agriculture	Start looking for a job early.
BT - Agriculture	This was a great hands-on experience. I would highly recommend this school to others.
Business Management	Do an internship to get a taste of the real world.
Business Management	FIND AN INTERNSHIP!! It teaches you a lot about how companies operate and gives you an idea of what industry you like, what values you want in a company, and might turn into a job after graduation!
Business Management	Get an internship.
Business Management	Get work experience within your major.
Business Management	Make connections, get involved in organizations and take on roles.
Business Management	Start early - don't get discouraged.
Business Management	Work hard!
Business Management	Work while in school - avoid debt. It makes life easier after college.

Applied Health/Sport Sciences	Be patient when looking for a job.
Applied Health/Sport Sciences	Internships are key.
Child and Family Studies	Be patient.
Child and Family Studies	My internship was with the Blue Springs School District elementary school.
Ed Leadership: K-12	Great Master's program.
Ed Specialist: Superintendent	Don't put off your portfolio.
Ed Specialist: Superintendent	Network
Elementary Education	A lot of what you learn is on the job.
Elementary Education	Ask for advice when you need it!
Elementary Education	Be yourself in the interview, because you want to be hired by a place where they want you for you!
Elementary Education	Do mock interviews! Very beneficial!
Elementary Education	Go to Education Expo to network.
Elementary Education	Go to Education Expo! Mock interviews help!
Elementary Education	I got the best education at Northwest. The teacher's college is incredible!
Elementary Education	I will be applying for teaching positions for the 2015-2016 school year following graduation. Until that time I will be working at my summer job.
Elementary Education	It really pays off!
Elementary Education	It was great.
Elementary Education	Make good contacts with advisers and professors.
Elementary Education	Money for student teaching.
Elementary Education	Take advantage of services.
Foods & Nutrition: Dietetics	Be certain to participate in as many internships as possible.
Foods & Nutrition: Dietetics	Become registered dietician.
Foods & Nutrition: Dietetics	Do mock interviews.
Foods & Nutrition: Dietetics	If you don't get an internships, don't freak out. There are other options. Don't be afraid to try new things! Make sure you reach out to network with other dietitians and food related services.
Foods & Nutrition: Dietetics	Volunteer often!
Guidance and Counseling	Stick with it, it's worth it!
Health and Physical Education	Northwest is the best!
Higher Education Leadership	Work first before pursuing additional education.
Industrial Psychology	Figure out what you want to generally do before graduation.
Merchandising-Tex Appl Furn	Get all of the experience you can regarding all aspects. Be versatile.
Physical Education	Don't forget it's all about the kids. Do it for the kids.
Physical Education	I've had a great experience at Northwest Missouri State University and I would encourage anyone looking into becoming a teacher to consider attending Northwest due to their great education program and the professors who teach at Northwest. I'm excited to see what the future holds and proud to be a bearcat!
Physical Education	Take advantage of what the PE department has to offer early on to make sure this is what you want to do.
Psychology	Be open minded to a job you didn't think you could do.
Psychology	Explore your options. Psychology can be broad and there are many options.

College of Education and Human Services (continued)

Major	Response to: "We welcome your comments and suggestions for current students and new graduates with your major, seeking a job in
Psychology	Figure out what you want to generally do before graduation.
Psychology	Get an internship, go to grad school, look for a non-profit.
Psychology	Get involved, Career Services will provide great help.
Psychology	Go to class.
Psychology	I would have liked to have an advisor dedicated primarily to advising for more individual care.
Psychology	Know that you will likely continue education at some point.
Psychology/Sociology	No matter what, finish the degree. It pays off in the end.
Psychology/Sociology	You will need a masters to make any money. Remember it is important to be passionate about your career.
Reading	Benefited and recommend reading program - helps teach study skills.
Reading	Tk20 is not very user friendly. I also think it's kind of silly you have to change your password every 120 days.
Reading	Work earlier on portfolio - electronic so it's not last minute.
Recreation: Corp Rec/Wellness	Listen to your professors - they know what they are talking about.
Recreation: Corp Rec/Wellness	Seek certification while you have the money or with student loans.
Recreation: Rec & Park Mgt	Be more involved.
Recreation: Rec & Park Mgt	Do your internship in the area you are wanting to go.
Recreation: Rec & Park Mgt	Go to Career Day. I got a job there.
Recreation: Rec & Park Mgt	Plan on moving from Maryville for Parks and Rec jobs.
Special Educ:Cross Categorical	Ask for advice when you need it!
Special Educ:Cross Categorical	Go to education expo! Mock interviews help!
Special Educ:Cross Categorical	Make good contacts with advisers and professors.
Special Educ:Cross Categorical	Money for student teaching.
Special Educ:Cross Categorical	Take advantage of services.
Special Education	Northwest was so helpful in helping me become the teacher I am today!

Major(s)	Response to: "We welcome your comments or suggestions for new graduates seeking a job with your major in your field."
Applied Computer Science	It's a good place to acquire a practical oriented approach toward subjects.
Applied Computer Science	I'm grateful to study in this university.
Applied Computer Science	Please make sure to utilize all the available resources and achieve what you can.
Applied Computer Science	Word smart
Applied Computer Science	They give an excellent education in safe hands.
Applied Computer Science	Excellent University
Applied Computer Science	Friendly
Applied Computer Science	I would suggest Northwest for graduates because for software programmers, it provides better cases in programming languages.
Applied Computer Science	I had a good experience.
Applied Computer Science	I would recommend all grad students use Career Services.
Applied Computer Science	Better future ahead, guys.
Applied Computer Science	Satisfactory. Got a lot of stuff in languages.
Applied Computer Science	Start preparing for a job at least 6 months before graduating.
Applied Computer Science	Career Services helped improve my skills a lot.
Applied Computer Science	Had good learning experience during my studies.
Applied Computer Science	It was a good experience studying for my masters at Northwest Missouri State University.
Applied Computer Science	This the best school for your Masters in Computer Science. The program and faculty are awesome.
Applied Computer Science	First class
Applied Computer Science	They helped me in improving soft skills.
Applied Computer Science	It's better to have more graduate directed projects rather than doing the same every semester.
Applied Computer Science	It is a great place if you want to learn things.

Major(s)	Response to: "We welcome your comments or suggestions for new graduates seeking a job with your major in your field."
Applied Health/Sport Sciences	Be patient when looking for a job.
Applied Health/Sport Sciences	Internships are key.
Ed Leadership: K-12	Great Master's program.
Ed Specialist: Superintendent	Don't put off your portfolio.
Ed Specialist: Superintendent	Network
Guidance and Counseling	Stick with it, it's worth it!
Higher Education Leadership	Work first before pursuing additional education.
Reading	Benefited and recommend reading program - helps teach study skills.
Reading	Tk20 is not very user friendly. I also think it's kind of silly you have to change your password every 120 days.
Reading	Work earlier on portfolio - electronic so it's not last minute.
Special Educ:Cross Categorical	Ask for advice when you need it!
Special Educ:Cross Categorical	Go to Education Expo! Mock interviews help!
Special Educ:Cross Categorical	Make good contacts with advisers and professors.
Special Educ:Cross Categorical	Money for student teaching.
Special Educ:Cross Categorical	Take advantage of services.
Special Education	Northwest was so helpful in helping me become the teacher I am today!
