Prerequisite: Principles of Macroeconomics

Required textbook:

Mishkin, F. (2016). *The Economics of Money, Banking and Financial Markets*, 11th Edition.

Course description:

- *Course (catalog) description:* A study of the history, theory, and practice of money and banking. Commercial banking, central banking, and monetary policy are discussed and their impact on the economy is examined within the framework of monetary theory.

Student learning outcomes:

Learning Outcome	Assessment Methods
1. Outline and assess the structure, function, and regulation of the U.S. banking system	Assignment; quiz
2. Define money and debate its role in the economy	Assignment; Discussion; quiz
3. Explain how banks create deposits	Assignment; quiz
4. Analyze how banks manage their assets, liabilities, and risk	Assignment; discussion; quiz
5. Discuss and illustrate mathematically or graphically the determination of the money supply and interest rates	Assignment; quiz
6. Describe and critique the structure and function of the Federal Reserve system	Assignment; quiz
7. List and examine causes of financial crises	Quiz
8. Discuss monetary policy and investigate its impact on the economy	Quiz

Course Details: This course will be delivered fully online, and all instructional methods and assessments outlined as follows will be adapted to this format on Canvas.

- I will send you an email at the beginning of each week that will outline your tasks and due dates for the coming week along with any other important information.

- You may work ahead on readings, assignments, and quizzes.
- There are PowerPoint slides posted that correspond with the readings each week. I created these to highlight the most important points in the chapter and provide examples and additional information. I have also added additional notes to the slides. These notes can only be seen when the PowerPoint presentation is in "normal" view or "notes pages" view (they cannot be seen in "slide show" view). Also, you must download the slides to see the notes--they are not visible in the NW Online window.

Quizzes:

- Seven quizzes are given throughout the course. Each quiz consists of 20 multiple choice questions worth 3 points each. Each quiz is worth 60 points for a total of 420 points. You will have 40 minutes to take each quiz. The system is programmed to kick you out after the set time limit. Please be aware of this and plan your quizzes accordingly. You will not have time to look up the answer to each question, so be sure to study prior to each quiz!
- You will also take a Syllabus/FAQs Quiz during Week 1 that tests your understanding of the syllabus and FAQs. This quiz consists of 5 questions worth 2 points each for a total of 10 points. The purpose is to ensure that you have read through the syllabus and FAQs carefully and introduce you to what a quiz will look like.
-

Assignments:

- Six assignments are given throughout the course. The purpose of these is to help you apply the course material. Each assignment is worth 40 points for a total of 240 points.
- Assignments must be submitted by the due date and time. Late assignments will not be accepted.
- Again, technical difficulties are not an excuse for late assignments. So, please do not wait until the last minute to work on and submit assignments.
- Double check to be sure that your assignment is attached to your submission. You will receive a zero if your assignment is not attached.
- All assignments must be submitted as Microsoft Word format file attachments.
-

PowerPoint Notes:

- PowerPoint notes are provided for each chapter. These, along with your textbook readings, will be the basis for assignments and quizzes. Be sure to read the additional notes I have provided--these can only be seen in "Normal" or "Notes pages" view, not in "Slide show" view. Also, you must actually download and open the PowerPoint notes in order to see these additional notes--they are not visible in the NW Online window.
-

Graded course requirements:

Introduction	10 points
Syllabus/FAQs Quiz	10 points
Quizzes	420 points
Assignments	240 points
Total	680 points
