 - MEES Artifacts
 - These are assignments completed by teacher candidates and sent to you.
 - You will need these artifacts to score the MEES Summative form, specifically items for Standards 7, 8 and 9
 - USs will receive a link to these artifacts from this email address: forms@nwmissouri.edu
 - Candidates may email you these documents before they are submitted to get feedback. You do not need to read the entire document and give in-depth feedback, but please respond to specific questions candidates ask.
 - The cooperating teacher will be the first to review each artifact and will provide feedback as well as an unofficial score on a partial MEES rubric attached to the artifact. After they submit their unofficial score, the artifact will be forwarded to the university supervisor.
 - After you view the artifacts, please give the student an unofficial score on the partial MEES rubric attached to the artifact, and submit your electronic signature, so the form will be routed to the teacher candidate for review.
 - Here are the candidates' suggested due dates to submit the final version of each artifact. These due dates can be modified if you, the candidate, and the cooperating teacher agree to change them. However, you must review the final versions to assess the summative MEES form, which is due **December 5**
 - MEES Artifact 8: **October 17**
 - MEES Artifact 7: **October 31**
 - MEES Artifact 9: **November 14**

- Is there a way to see how the CT scores my candidate?
 - Yes, when the cooperating teacher now completes a MEES or disposition form, it will be routed to you for review before it is sent to the candidate
 - You will receive an email from forms@nwmissouri.edu with a link to this form
 - Be sure to submit your electronic signature to the form so it will be routed on to the candidate
- STP forms

- Q: Do I need to include my student's 919 number on this form?
 - Yes, please include the student's 919 number. If you do not know your student's 919, please request it via email. This is not a privacy issue, as the 919 is not officially a personal identification number (as opposed to SSN).
- Please complete one STP form for every placement.
- MEES Forms:
 - Q: I have completed a MEES formative assessment but can't access it.
 - In your dashboard, you should be able to click on "PDF" or "HTML" links to the form.
 - You will not be able to modify it after you have submitted it.
 - Q: Can I modify a MEES form (or any form) I have already submitted?
 - To modify a form, you will need to revise it.
 - First contact steach@nwmissouri.edu or mam77@nwmissouri.edu to send the form back to you.
 - If any form has a status of "pending" that means your work with it is done.
- MEES Artifacts:
 - Be sure to open these forms using the link you receive via email
 - Then, download the artifact and any supporting documentation
 - Be sure to sign and submit the artifact form in dynamic forms! This way the CT can view the artifacts as well.
- Pending statuses
 - Q: When forms show pending as a status, who is responsible for the completion of the submission?
 - When forms are "pending", typically it means that you have completed all you need to do. It's "pending review" by the next person in line. Depending on the form, that can be the candidate, the CT or Dr. Rich. The only forms that may need your follow up will send via link on an email from the "forms" email address.
