FALL 2025

# Roth Provision of SECURE 2.0 Act

As the new year quickly approaches, the U.S. OMNI & TSACG Compliance Services (OMNI/TSACG) team would like to remind you of the 2026 effective date for the requirement that all age-based catch-up contributions be made on a Roth (post-tax) basis for employees whose prior-year Social Security wages were \$150,000 and above. Please note: employees must have Social Security, W-2-Box 3, wages to be subject to the provision.

Our team has made the necessary modifications to our processes and systems needed to comply with this SECURE 2.0 provision. This requirement is applicable to both 403(b) and 457(b) plans and becomes effective January 1, 2026.

Are you still unclear on who this provision impacts? We've broken the elements down for you.

Employees are impacted by this provision if they can answer "Yes" to all three of the questions below:

**1 Do you participate in your employer's 403(b) and/or 457(b) plan?**

**2 Do you anticipate using the age 50 catch-up in one or both plans in 2026?\***

**3 Did you earn at least \$150,000.00 in Social Security wages in 2025?**

\* If permitted by your plan, contributions made using the 457(b) final three-years before normal retirement age catch-up are also subject to this provision.

We sent out a communication to all clients in September that went in-depth on the nuances of this provision. If you did not receive it or would like to obtain another copy, please contact your Plan Consultant or a member of our Plan Support team today with any questions you may have or to get started implementing a new service or solution to help enhance the voluntary retirement options available to your staff.

You can contact our team via email [plansupport@tsacg.com](mailto:plansupport@tsacg.com) or call 888-777-5827 ext. 0.
