

# ENG520: Shakespeare's

# MACBETH

## And Its Aftermath

*Want to learn more about Shakespeare's darkest tragedy? Then this is the class for you! We will spend the whole semester diving deeply into just this one play. We'll analyze where Shakespeare got his ideas and read what some of the greatest minds have had to say about it. We will consider its performance history, viewing and comparing several of its film adaptations, as well as attending together a performance of the play on campus. This class would be of interest to those who love English, theater, teaching, film studies, or just want to know more about one of the most haunting works of literature ever written.*

*Mondays 6:30pm - 9:20pm*
