

Northwest Missouri State University - Maryville

2023 COMBINED ANNUAL SECURITY REPORT & FIRE SAFETY REPORT

Introduction

This report is provided in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act, as amended. It provides students and employees of Northwest Missouri State University ("University") with information on: the University's security arrangements, policies and procedures; programs that provide education on such things as drug and alcohol abuse, awareness of various kinds of sex offenses, and the prevention of crime generally; and procedures the University will take to notify the campus community in the event of an emergency. Its purpose is to provide students and employees with information that will help them make informed decisions relating to their own safety and the safety of others.

Policy for Preparing the Annual Report

This report is prepared by the Vice President of Culture and University Police Chief in cooperation with local law enforcement authorities and includes information provided by them as well as by the University's campus security authorities and various other elements of the University. Each year an e-mail notification is made to all enrolled students and employees that provides the website link to access this report. Prospective students and employees are also notified of the report's availability. Hard copies of the report may also be obtained at no cost by contacting Clarence Green, Support Service Building-UPD, 800 University Drive, Maryville, Missouri (660.562.1254).

The University is committed to taking the actions necessary to provide a safe and secure working/learning environment for all students and staff. As a member of the campus community, you can feel safe and comfortable knowing that security procedures are in place that represent best practices in the field, and are constantly tested and re-evaluated for their effectiveness.

General Safety and Security Policies

Campus Security Personnel & Relationship with Local Law Enforcement

The University Police Department's jurisdiction covers all of the institution's property. University Police has arrest authority.

The University has a close working relationship with local law enforcement agencies. The University has a written mutual aid agreement with the Maryville Police Department. The agreement establishes crime reporting, jurisdictional boundaries, and mutual assistance.

All crimes occurring on campus, on non-campus property owned by the University or on nearby public property should be reported immediately to the University Police Department. The number to contact is 660.562.1254.

Campus Security Authorities

The University has designated certain officials to serve as campus security authorities. Reports of criminal activity can be made to these officials. They in turn will ensure that the crimes are reported for collection as part of the University's annual report of crime statistics. The campus security authorities to whom the University would prefer that crimes be reported are listed below.

- Assistant Vice President of Human Resources at 660.562.1128
- Assistant Vice President of Student Affairs of Engagement & Development at 660.562.1226
- Assistant Vice President of Title IX and Equity at 660.562.1873

Reporting a Crime or Emergency

The University encourages accurate and prompt reporting of all criminal actions, emergencies, or other incidents occurring on campus, on other property owned by the University, or on nearby public property to the appropriate administrator and appropriate police agencies. Such a report is encouraged even when the victim of a crime elects not to make a report or is unable to do so.

- Situations that pose imminent danger or while a crime is in progress should be reported to University Police by calling 660.562.1254 from any campus phone or cell phone.
- Students, staff, and visitors can make a report of criminal actions to one of the campus security authorities identified above. Once reported, the individual making the report will be encouraged to also report it to University Police. If requested, a member of University staff will assist a student in making the report to the police
- An anonymous report can also be submitted at the following site:
<https://www.nwmissouri.edu/studentaffairs/report-incident.htm>

Confidential Reporting

The University will protect the confidentiality of victims. Only those with a need to know the identity for purposes of investigating the crime, assisting the victim or disciplining the perpetrator will know the victim's identity.

Pursuant to the University's Title IX Sexual Harassment policy, when an employee who is not a confidential resource becomes aware of alleged misconduct under that policy (including, but not limited to, dating violence, domestic violence, sexual assault, and stalking), the employee is responsible for reporting that information, including the status of the parties if known, to the Title IX Coordinator. A victim of other types of crimes (e.g.,

aggravated assault, burglary, etc.) who does not want to pursue action within the University disciplinary system or the criminal justice system is nevertheless encouraged to make a confidential report to a campus security authority. Upon the victim's request, a report of the details of the incident can be filed with the University without revealing the victim's identity. Such a confidential report complies with the victim's wishes, but still helps the University take appropriate steps to ensure the future safety of the victim and others. With such information, the University can keep an accurate record of the number of incidents involving members of the campus community, determine where a pattern of crime may be developing and alert the community as to any potential danger. These confidential reports are counted and disclosed in the annual crime statistics for the University.

The University does not have procedures that encourage its pastoral and professional counselors, if and when they deem it appropriate, to inform the person they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual report of crime statistics.

Security of and Access to Campus Facilities

The Northwest Missouri State University main campus in Maryville, Missouri maintains academic and administrative facilities that are generally open to the public. They are open to the public during normal business hours. Most facilities have individual hours, and the hours may vary at different times of the year. Access to some of the buildings is controlled by electronic access after normal business hours, and all buildings have varying levels of access. Schedules for facilities fluctuate and are available by contacting the specific building. University Police patrol academic and administrative facilities.

Residence Hall Doors: All exterior residential halls are locked 24/7. Student room doors are secured with commercial-grade hardware. Each student living in a residential hall is assigned an individual exterior electronic key fob and access code. These keys and code should not be shared with others: duplication is not permitted. Access to residence halls is restricted to residents, their guests, and other approved members of the University community.

Residents are cautioned against permitting strangers to enter the buildings and are urged to require individuals seeking entry to use their key fob and access code. University Police officers and student security patrol the residence halls. Residential hall staff also enforce security measures in the halls and work with residents to achieve a community of individual and group rights and responsibilities. Residential hall staff and University Police also conduct periodic educational sessions on prevention of various crimes, including sexual assault and acquaintance rape.

Students and employees are asked to be alert and to not circumvent practices and procedures that are meant to preserve their safety and that of others:

- Do not prop doors open or allow strangers into campus buildings that have been secured
- Do not lend keys or access cards to non-students and do not leave them unattended
- Do not give access codes to anyone who does not belong to the campus community

Keys to the offices, laboratories, and classrooms on campus will be issued to employees only as needed and after receiving the proper authorization. Each department supervisor is responsible for assuring their area is secured and locked.

Security Considerations in the Maintenance of Facilities

Facility Services and University Police personnel regularly check to ensure pathways are well lit and that egress lighting is working in hallways and stairwells. Facility entries and exits are checked for pathway debris and door functionality on a routine basis. Contact Facility Services for all maintenance concerns.

Educational Programs Related to Security Awareness and Prevention of Criminal Activity

The University seeks to enhance the security of its campus and the members of the campus community by periodically presenting educational programs to inform students and employees about campus security procedures and practices, to encourage students and employees to be responsible for their own security and the security of others and to inform them about the prevention of crimes. These programs are discussed below.

- Campus security, emergency procedures, and fire safety procedures are discussed during new student orientation (via a program titled Helping Bearcats Succeed). University Police, Wellness Center, Office of Student Affairs, Residential Life, and the Title IX Coordinator participate in forums, town hall meetings, and programs in residence halls to address students to explain University security, public safety, and fire safety measures and procedures. Security awareness and emergency procedures information is also offered to all incoming international students and employees.
- Orientation programming includes information about services such as Safe Rides, security escorts, sexual/relationship violence, alcohol and drug policies, emergency procedures, and general safety. The mobile app, Crisis Manager, is shared as well as information on weapons storage and self-defense courses.
- Crime prevention and sexual/relationship violence prevention programs are offered on an ongoing basis. These sessions are provided by the staff of University Police, Wellness Services, and the Office for Title IX/Equity. Additional crime prevention awareness sessions are offered to educate the campus community about personal safety, services offered, and keep them informed of crime prevention strategies. Information is also disseminated via brochures, University Police website, and social media.

Monitoring Off Campus Locations of Recognized Student Organizations

The University does not monitor and record, through local police agencies, any criminal activity in which students have engaged at off-campus locations of student organizations officially recognized by the University, including student organizations with off-campus housing facilities. However, we are aware of at least one police agency that performs such monitoring and recording.

Disclosure of the Outcome of a Crime of Violence or Non-Forcible Sex Offense

Upon written request, the University will disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the University against a student who is the alleged perpetrator of such crime or offense. If the alleged victim

is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of the paragraph.

The previous paragraph does not apply to victims of dating violence, domestic violence, sexual assault, or stalking because under the Violence Against Women Act both the accused and accuser in these cases are given the results without the need to make a written request.

Drug and Alcohol Policy

We are committed to creating and maintaining an environment that is free of alcohol abuse. **The University enforces the state's underage drinking laws** and complies with state law and other applicable regulations governing alcoholic beverages for those on the University's premises or participating in its activities. The University strongly supports education and treatment programs as the most effective means to help prevent and reduce alcohol abuse. In addition, the University is committed to providing an academic and social environment that supports individual freedom while promoting individual responsibility, health and safety, and community welfare. To that end:

1. The University expects that those who wish to include alcohol as part of their activities will do so responsibly and lawfully.
2. Persons planning events on campus should be mindful of the complexities introduced into planning an event with alcohol. Event management issues (the presentation of entertainment, provision of refreshments, management of the participants or audience, security, and other factors) require serious attention for any event, and all the more for an event at which alcohol is served. Event organizers must fully understand the University's alcohol policies (Alcohol Beverages on University Property Policy, Illegal Drug and Alcohol Policy and the Drug and Alcohol Police) and applicable laws and manage their events accordingly.
3. Organizations may not plan events that promote or encourage the consumption of alcohol, nor may event planning be based upon the assumption of abusive or illegal alcohol consumption. Persons planning events should remember that the vast majority of events at the institution take place without alcohol, that most members of the undergraduate community are not of legal drinking age, and that among those who are, many do not drink alcoholic beverages at all.

Drug and Alcohol Abuse Prevention Program

The University has a drug abuse and prevention program and conduct a biennial review of this program to evaluate its effectiveness. The biennial review can be located at: <https://www.nwmissouri.edu/aboutus/facts/pdf/AlcoholDrugReview.pdf>

The University's Alcohol and Drug Abuse Education Policy in its Student Handbook is located at: <https://www.nwmissouri.edu/studentaffairs/PDF/StudentHandbook.pdf>

The University enforces federal and state drug laws. The possession, sale, manufacture or distribution of illegal drugs is prohibited under both state and federal laws. Such laws will be enforced by the University's law enforcement authority on campus (University Police). Violators of the University's policies or federal and state laws regarding illegal drugs will be subject to disciplinary action and possibly criminal prosecution.

Rev. Rev. Stat. § 566.101): A person commits the offense of sexual abuse in the second degree if he or she purposely subjects another person to sexual contact without that person's consent.

Crime Type (Missouri Revised Statues)	Definitions
Consent (as it relates to sexual activity) (Mo. Rev. Stat. § 556.061(14))	Consent or lack of consent may be expressed or implied. Assent does not constitute consent if: (a) It is given by a person who lacks the mental capacity to authorize the conduct charged to constitute the offense and such mental incapacity is manifest or known to the actor; or (b) It is given by a person who by reason of youth, mental disease or defect, intoxication, a drug-induced state, or any other reason is manifestly unable or known by the actor to be unable to make a reasonable judgment as to the nature or harmfulness of the conduct charged to constitute the offense; or (c) It is induced by force, duress or deception.

University Definition of Consent

In addition to the definition of consent under Missouri law, the University uses the following definition of consent for the purpose of determining whether a violation of its Title IX Sexual Harassment Policy has occurred: “Consent” refers to affirmative words or affirmative actions that a reasonable person in the perspective of the Respondent would understand as agreement to engage in the sexual conduct at issue. A person who is incapacitated is not capable of giving Consent.

Lack of Consent is a critical factor in determining whether Sexual Assault has occurred. Consent is informed, freely given, and mutually understood. If coercion, intimidation, threats, and/or physical force are used, there is no Consent. Consent to one form of sexual activity does not imply consent to other forms of sexual activity. Consent can be withdrawn. A person who initially consents to sexual activity is deemed not to have consented to any sexual activity that occurs after he or they withdraw consent.

A person who is incapacitated is not capable of giving Consent. Incapacitation may result from the use of alcohol and/or other drugs; however, the mere consumption of some alcohol or some amount of drugs is not necessarily sufficient to establish Incapacitation. The impact of alcohol or drugs varies from person to person, and evaluating Incapacitation requires an assessment of how consumption of alcohol and/or drugs impacts an individual’s:

- Decision-making ability
- Awareness of consequences
- Ability to make informed judgments
- Capacity to appreciate the nature of circumstances of the act

No single factor is determinative of Incapacitation. Some common signs that someone may be incapacitated include slurred speech, confusion, shaky balance, stumbling or falling down, vomiting, and unconsciousness.

Risk Reduction

Help Reduce Your Risk and Avoid Potential Attacks

No victim is ever to blame for being assaulted or abused. Unfortunately, a person who is the victim of sexual or dating violence is more likely to be re-victimized. Below are some tips to help reduce your risk, and how to avoid potential attacks.

If you are being abused or suspect that someone you know is being abused, speak up or intervene:

1. Contact Wellness Services and request to meet with a counselor for support.
2. Look for “red flags” in relationships so you can learn to avoid some of those characteristics in future partners.
3. Consider getting a protective order from the court, or a no-contact order from the Office of Title IX and Equity as a supportive measure.
4. Learn more about what behaviors constitute dating and domestic violence, understand it is not your fault, and talk with friends and family members about ways you can be supported.
5. Trust your instincts—if something doesn’t feel right in a relationship, speak up or end it.

Sexual Assault Prevention (From RAINN)

- Be aware of rape drugs
- Try not to leave your drink unattended
- Only drink from un-opened containers or from drinks you have watched being made and poured
- Avoid group drinks like punch bowls
- It’s okay to lie. If you want to exit a situation immediately and are concerned about frightening or upsetting someone, it’s okay to lie. You are never obligated to remain in a situation that makes you feel uncomfortable, pressured, or threatened.
- Be a good friend. Trust your instincts. If you notice something that doesn’t feel right, it probably isn’t.
- Social media safety: <https://www.rainn.org/articles/social-media-safety>
 - Turning off geolocation
 - Pause before you post
 - Do not post pics of yourself incapacitated, which predators look for

Sexual Assault Prevention (From RAINN)

- Cover your drink. It is easy to slip in a small pill even while you are holding your drink. Hold a cup with your hand over the top, or choose drinks that are contained in a bottle and keep your thumb over the nozzle.
- If you feel extremely tired or drunk for no apparent reason, you may have been drugged. Find your friends and ask them to leave with you as soon as possible.
- If you suspect you have been drugged, go to a hospital and ask to be tested.
- Keep track of how many drinks you have had.
- Try to come and leave with a group of people you trust.
- Avoid giving out your personal information (phone number, where you live, etc.). If someone asks for your number, take his/her number instead of giving out yours.

Traveling around campus

- Make sure your cell phone is easily accessible and fully charged
- Avoid dimly lit places and notify University Police if lights need to be installed in an area

- Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone
- Walk with a friend
- Carry a noisemaker (like a whistle) on your keychain
- Carry a small flashlight on your keychain
- If walking feels unsafe, contact University Police for an escort

Bystander Intervention

Bystander Intervention Information

Be an intervener! Stop these incidents before they occur, and talk to your friends about it so that they will intervene as well!

1. **Notice the Incident:** Bystanders first must notice the incident taking place. Obviously, if they don't take note of the situation there is no reason to help.
2. **Interpret incident as an emergency:** Bystanders also need to evaluate the situation and determine whether it is an emergency—or at least one in which someone needs assistance.
3. **Assume Responsibility:** Another decision bystanders make is whether they should assume responsibility for giving help. One repeated finding in research studies on helping is that a bystander is less likely to help if there are other bystanders present. When other bystanders are present responsibility for helping is diffused. If a lone bystander is present he or she is more likely to assume responsibility.
4. **Attempt to Help**
 - Whether this is to help the person leave the situation, confront a behavior, diffuse a situation, or call for other support/security.
 - The best way bystanders can assist in creating an empowering climate free of interpersonal violence is to diffuse the problem behaviors before they escalate.
 - Educate yourself about interpersonal violence AND share this info with friends.
 - Confront friends who make excuses for other people's abusive behavior
 - Speak up against racist, sexist, and homophobic jokes or remarks.

Ongoing Prevention and Awareness Campaign:

The University also conducts an Ongoing Prevention and Awareness Campaign (OPAC) aimed at all students and employees. This campaign covers the same material as provided in the PPAP, but is intended to increase the understanding of students and employees on these topics and to improve their skills for addressing the offenses of dating violence, domestic violence, sexual assault and stalking.

PPAP and OPAC Programming Methods:

The PPAP and OPAC are carried out in a variety of ways, using a range of strategies, and, as appropriate, targeting specific audiences throughout the institution. Methods include, but are not limited to: online presentations, distribution of written materials, periodic email blasts, and guest speakers. Past programming and currently planned programming include the following:

- PPAPs
 - Think About It (online)
 - Helping Bearcats Succeed
 - Sex Rules?
 - New Faculty Orientation
 - New Staff Orientation (online)
 - International Student Orientation
 - Safe Colleges annual online Title IX training
- OPACs
 - Green Dot: Overviews and Bystander Training
 - Assisting Students in Distress
 - Residential Life Student Staff Safety and Response Training
 - Staff Compliance Workshops
 - Pizza and Police
 - University Seminar Presentations
 - Self-Defense

Procedures to Follow if You are a Victim of Dating Violence, Domestic Violence, Sexual Assault, or Stalking:

If you are a victim of dating violence, domestic violence, sexual assault, or stalking, go to a safe place and call 911 or the University Police Department at 660.562.1254. You may also contact the University's Title IX Coordinator at 660.562.1873.

Victims will be notified in writing of the procedures to follow, including:

1. To whom and how the alleged offense should be reported (contact the Title IX Coordinator or refer to the other resources listed in this report).
2. The importance of preserving evidence that may be necessary to prove the offense in a criminal proceeding or disciplinary action or to obtain a protective order.
3. The victim's options regarding notification to law enforcement, which are: (a) the option to notify either on-campus or local police; (b) the option to be assisted by campus security authorities in notifying law enforcement if the victim so chooses (the institution is obligated to comply with such a request if it is made); and (c) the option to decline to notify such authorities.
4. Where applicable, the rights of victims and the institution's responsibilities regarding orders of protection, no-contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court.

Preservation of Evidence & Forensic Examinations

Victims of physical assault are advised to not remove clothing items worn during or following an assault, as they frequently contain valuable fiber, hair, and fluid evidence. Don't bathe or wash, or otherwise clean the environment in which the assault occurred. You can obtain a forensic examination at MOSAIC Medical Center – All survivors of sexual violence are highly encouraged to seek care from a Sexual Assault Nurse Examiner (SANE) to collect any evidence available. Additionally, MOSAIC Medical Center can provide treatment for injuries and/or sexually transmitted infection and offers pregnancy tests and emergency contraception. Walk-in emergency care is available 24/7 at the hospital. The address is 2016 S. Main St., Maryville, MO 64468. For more information call 660-562-2600.

Completing a forensic examination does not require you to file a police report, but having a forensic examination will help preserve evidence in case you decide at a later date to file a police report.

Victims are also advised to retain evidence in electronic formats (e.g., text messages, emails, photos, social media posts, screenshots, etc.). Such evidence is valuable in all situations, and it may be the only type of evidence available in instances of stalking.

Security/Law Enforcement & How to Make a Police Report

- University Police is located on campus and are available 24/7 to assist with criminal prosecution and Title IX investigatory process. Please contact them at 660.562.1254.
- Maryville Police Department, 101 North Vine Street, Maryville, MO 64468. 660.562.3209
- To make a police report, a victim should contact a police agency listed above either by phone or in-person. The victim should provide as much information as possible, including name, address, and when and what occurred, to the best of the victim's ability.

Information about Legal Protection Orders

In Missouri, victims may obtain an Adult Order of Protection, which provides protective relief for victims of domestic violence, stalking, or sexual assault. Information about Adult Orders of Protection may be found at: <https://www.courts.mo.gov/page.jsp?id=533>

A protection order may be obtained by filing a petition with the court. Courts can issue two types of orders: (1) Ex Parte Orders, which act as a temporary emergency order to protect a victim, for up to 15 days, until a court hearing, and (2) Full Orders of Protection, which may be issued for up to one year. Additional information about the orders may be found at: <https://www.courts.mo.gov/page.jsp?id=533>

When a protection order is granted, it is enforceable statewide. If you have obtained a protection order and need it to be enforced in your area, you should contact the local police department.

- *University Responsibilities in Regards to Orders of Protection:*
 - The purpose of an Ex Parte Order of Protection and a Full Order of Protection is to restrain a respondent from committing or threatening domestic violence, stalking, communicating or disturbing a complainant's peace, and entering a complainant's place of residence. An Ex Parte Order of Protection is a temporary order in place until a hearing by a judge. After reading a Petition, the Judge will either grant or deny an Ex Parte Order of Protection. Court hearings are typically held within 15 days of filling an Ex Parte Order of Protection as noted in Missouri law. A complainant must be prepared to present documentation, photos, or other forms of evidence with the paperwork when filing a petition for an Ex Parte Order. At a court hearing, a judge can issue a Full Order of Protection for a period of 180 days up to one year. A Full Order of Protection can be renewed twice; each

renewal can last up to one year. No new incident of abuse is required if the Order is renewed before the old one expires. The Court may, upon a finding that it is in the best interest of the parties, include a provision that any Full Order of Protection for one year shall automatically renew unless the Respondent requests a hearing by 30 days prior to its expiration (see Chapter 455 and specifically 455.010, 455.035, & 455.050 RSMo. for more information).

- University Police shall enforce any violation of an Ex Parte Order of Protection or Full Order of Protection by a respondent in the same manner as any police officer in any jurisdiction. A violation of either type of order in Missouri is considered a class A misdemeanor for the first offense and any subsequent offense is treated as a class D felony. Any person who obtains an Order of Protection from Missouri or any other state should provide a copy to University Police and the Title IX Coordinator. Depending on conditions specified in a particular order the University may make arrangements with both parties that permit access to classrooms, library, the cafeteria, and/or any other public places. These arrangements shall be made to ensure normal access to public areas that do not violate the terms and conditions of the Order of Protection under normal day to day activities
- *How to File an Order of Protection:* In Nodaway County (Maryville) a Petition for Order of Protection can be filed at the Nodaway County Circuit Clerk's Office (during business hours of operation) or the University Police Department (24/7). Missouri Adult Abuse Act requires that court clerks explain how to file all of these necessary forms and documents. In addition, Nodaway County has victim advocates to assist you in the process for filing for an Order of Protection and they may even go with you to court.
- *"No Trespass" Warnings:* The University does not issue orders of protection. If there is enough reason to believe (through investigation) that an individual is likely to cause harm to any member on campus University Police can issue a No Trespass warning. Any individual found to be on campus after a No Trespass warning has been issued against them are typically arrested by University Police. No Trespass warnings can be issued against any member of the Northwest community (students, faculty, or staff) or the public.

Supportive and Protective Measures:

The University will provide written notification to victims about options for, and available assistance in, changing academic, living, transportation, and working situations or protective measures. If victims request these supportive or protective measures and they are reasonably available the University is obligated to provide them, regardless of whether the victim chooses to report the crime to campus security or local law enforcement.

Requests for supportive or protective measures should be made to the Title IX Coordinator at 660.562.1873, and the Title IX Coordinator is responsible for deciding what, if any, accommodations or protective measures will be implemented.

When determining the reasonableness of such a request, the University may consider, among other factors, the following:

- The specific need expressed by the complainant.
- The age of the students involved.
- The severity or pervasiveness of the allegations.
- Any continuing effects on the complainant.
- Whether the complainant and alleged perpetrator share the same class or job location.
- Whether other judicial measures have been taken to protect the complainant (e.g., civil protection orders).

The University will maintain as confidential any accommodations or protective measures provided a victim to the extent that maintaining confidentiality would not impair the University's ability to provide them. However, there may be times when certain information must be disclosed to a third party in order to implement supportive or protective measures. Such decisions will be made by the University in light of the surrounding circumstances, and disclosures of this nature will be limited so that only the information necessary to implement the supportive or protective measure is provided. In the event it is necessary to disclose information about a victim in order to provide a supportive measure or protective order, the

University will inform the victim of that necessity prior to the disclosure, including which information will be shared, with whom it will be shared and why.

Procedures for Disciplinary Action:

Allegations of domestic violence, dating violence, sexual assault or stalking will be processed through the institution's Title IX Sexual Harassment Policy and related complaint resolution procedures. Allegations of sexual harassment that do not meet the jurisdiction requirements for Title IX may be addressed using the complaint resolution procedures outlined in the Non-Discrimination and Anti-Harassment Policy, Student Code of Conduct and Employee Handbook.

Complaints or notice of alleged policy violations, request to initiate an investigation, or inquires about or concern regarding the policies may be made to the Title IX Coordinator or Deputy Coordinator using the contact information below:

Sexual Harassment Complaint Process

Response Upon Receipt of Formal Complaint of Sexual Harassment

If the Complainant files a Formal Complaint, the Title IX Coordinator will initiate the Formal Grievance Process which entails: 1) investigation; 2) live hearing with cross-examination of parties and witnesses; 3) determination of responsibility based on the preponderance of evidence standard and sanction (if applicable); and 4) option for appeal. A notice will be provided to the parties of the investigation, including a description of the process to be utilized, the identities of the parties, the conduct at issue, the dates and location of the alleged incident. The Notice will also inform both parties that they are entitled to have an advisor of their choice accompany them to any related meetings or proceeding to provide counsel and support, although these advisors will not be permitted to speak or advocate for the parties.

The Title IX Coordinator will assign an investigator to investigate the matter. During the investigation, the Complainant and Respondent will each have an equal opportunity to describe the situation and present witnesses, including both fact and expert witnesses, and

other supporting evidence. The investigator(s) will review the statements and evidence presented and may, depending on the circumstances, interview others with relevant knowledge, review documentary materials, and take any other appropriate action to gather and consider information relevant to the complaint. Prior to the conclusion of the investigation, both parties will be provided an opportunity to review the evidence gathered during the investigation that is directly related to the allegations raised in the formal complaint.

Upon completion of the investigation, both parties will be given a copy of an investigation report, and a live hearing will be conducted to make a determination as to whether any allegations in the complaint were found to be substantiated by a preponderance of the evidence. The hearing officer assigned by the Title IX Coordinator will prepare a written determination of responsibility, and whether any remedies will be provided to the Complainant, and a description of the procedures and permissible grounds for appeal. Title IX Coordinator will notify the parties of this determination in writing. The institution strives to complete investigations of this nature within 60 calendar days.

Both parties have an equal opportunity to appeal the determination by filing a written appeal with the Appeal Officer within 7 business days of being notified of the outcome of the investigation. The Provost will serve as the Appeal Officer for matters involving student respondents, and the Vice President of Student Affairs will be the Appeal Officer for matters involving employee respondents. The Appeal Officer will consider the appeal and render a decision, typically within 21 days of receipt of request.

Informal Resolution: At any time after the parties are provided written notice of the Formal Complaint, and before the completion of any appeal, the parties may voluntarily consent, with the Title IX Coordinator's approval, to engage in administrative adjudication, mediation, facilitated resolution, or other form of dispute resolution the goal of which is to enter into a final resolution resolving the allegations raised in the Formal Complaint by agreement of the parties. Parties may agree to pursue an informal resolution in certain cases (not allowed in cases where it is alleged that an employee sexually harassed a student) at any time after a Formal Complaint is filed and before a determination of responsibility is made.

Complaints that Do Not Meet Title IX Policy Jurisdiction Requirements

For complaints that do not meet jurisdictional requirements in the Title IX policy, the Title IX Coordinator will determine whether to refer the matter to another complaint resolution process. While the alternate process will involve unbiased investigation and equitable treatment of the parties, it may not include a live hearing or an appeals process. Both parties will be notified in writing about the investigation and be given the opportunity to present evidence and to see and respond to the evidence collected. Both parties are entitled to have an advisor of their choice accompany them to any related meetings or proceeding to provide counsel and support, although these advisors will not be permitted to speak or advocate for the parties.

In cases addressed through the Student Conduct or process identified in the Faculty Handbook, the investigator will prepare and submit a final report, including a determination of responsibility made based on a preponderance of the evidence standard. If there is a finding of responsibility, the investigator will issue a sanction in collaboration with the applicable university assistant vice president (for students) or HR (for employees). Once a

determination is made, the parties will be provided written notice of the investigation outcome concurrently, typically within 7 days following the determination.

The University will make a good faith effort to complete the resolution process within a 60 day time period, including appeal, which can be extended as necessary for appropriate cause by the Title IX Coordinator or appropriate University official who will provide notice and rationale for extensions or delays.

Rights of the Parties in an Institutional Proceeding:

During the course of the process described in the previous section, both the accuser and the individual accused of the offense are entitled to:

1. A prompt, fair and impartial process from the initial investigation to the final result.
 - A prompt, fair and impartial process is one that is:
 - Completed within reasonably prompt timeframes designated by the institution's policy, including a process that allows for the extension of timeframes for good cause, with written notice to the accuser and the accused of the delay and the reason for the delay.
 - Conducted in a manner that:
 - Is consistent with the institution's policies and transparent to the accuser and the accused.
 - Includes timely notice of meetings at which the accuser or accused, or both, may be present; and
 - Provides timely access to the accuser, the accused and appropriate officials to any information that will be used during the informal and formal disciplinary meetings and hearings.
 - Conducted by officials who do not have a conflict of interest or bias for or against the accuser or the accused.
2. Proceedings conducted by officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.
 - Such training addresses topics such as relevant evidence and how it should be used during a proceeding, proper techniques for questioning witness, basic procedural rules for conducting a proceeding, and avoiding actual and perceived conflicts interest.
3. The same opportunities to have others present during any institutional disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. The institution may not limit the choice of advisor, but may establish limits regarding the extent to which that advisor may participate in the proceeding, as long as those limits apply equally to both parties.
4. Have the outcome determined using the preponderance of the evidence standard for institutional disciplinary proceedings arising from an allegation of dating violence, domestic violence, sexual or staling.

5. Simultaneous, written notification of the results of the proceeding, any procedures for either party to appeal the result, any change to the result, and when the result becomes final. For this purpose, “result” means “any initial, interim and final decision by an official or entity authorized to resolve disciplinary matters” and must include the rationale for reaching the result and any sanctions imposed.

Possible Sanctions or Protective Measures that the University May Impose for Dating Violence, Domestic Violence, Sexual Assault or Stalking Offenses:

Following a final determination in the institution’s disciplinary proceeding that domestic violence, dating violence, sexual assault, or stalking has been committed, the institution may impose a sanction depending on the mitigating and aggravating circumstances involved. The possible sanctions include:

- Expulsion/Termination
- Suspension, of a term of at least a semester
- Suspension until complainant has graduated or otherwise separated from the University •
- Suspension, of a term determined by Human Resources
- No-Trespass Order issued through UPD
- No-Contact Order issued through Title IX Office or HR
- Permanent or temporary ban from living in residence halls
- Permanent or temporary ban from participating in student groups or University sanctioned groups
- Permanent or temporary ban from attending University events
- Campus probation, for duration of time as student
- Staff probation
- Termination of admissions or employment offer
- Educational and training requirements prior to reinstatement, or in addition to sanctions

If a suspension is imposed on a student, it may be for part of a semester, a full semester, or an entire academic year. An employee may be suspended for any length of time determined appropriate by the AVP of Human Resources. Following a suspension, the individual will be required to meet with the VP of Student Affairs (student) or AVP of Human Resources (employee) to discuss re-entry and expectations going forward.

In addition, the University can make available to the victim a range of protective orders. They can include such things as: Forbidding the accused from entering the victim’s residence hall and from communicating with the victim, other institutional no-contact orders, security escorts, modifications to academic requirements or class schedules, changes in living or working situations, etc.

If a report is not closed as a result of the preliminary assessment specified in Section IX, the University will offer and make available Supportive Measures to the Complainant regardless of whether the Complainant elects to file a Formal Complaint. Contemporaneously with the Respondent being notified of a Formal Complaint, the Title IX Coordinator will notify the Respondent of the availability of Supportive Measures for the Respondent, and the University will offer and make available Supportive Measures to the Respondent in the same manner in which it offers and makes them available to the Complainant. The University will also offer and make available Supportive Measures to the Respondent prior to the Respondent being

notified of a Formal Complaint, if the Respondent requests such measures. The University will maintain the confidentiality of Supportive Measures provided to either a Complainant or Respondent, to the extent that maintaining such confidentiality does not impair the University's ability to provide the Supportive Measures in question.

Publicly Available Recordkeeping:

The University will complete any publicly available recordkeeping, including Clery Act reporting and disclosures, without the inclusion of personally identifiable information about victims of dating violence, domestic violence, sexual assault, and stalking who make reports of such to the University to the extent permitted by law.

Victims to Receive Written Notification of Rights:

When a student or employee reports to the University that he or she has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the University will provide the student or employee a written explanation of his or her rights and options as described in the paragraphs above.

Sex Offender Registration Program:

The Campus Sex Crimes Prevention Act of 2000 requires institutions of higher education to advise members of the campus community where they can obtain information provided by the state concerning registered sex offenders. It also requires sex offenders to notify the state of each institution of higher education in the state at which they are employed or enrolled or carrying on a vocation. The state is then required to notify the University of any such information it receives. Anyone interested in determining whether such persons are on this campus may do so by contacting the University Police Department at University Police Department. State registry of sex offender information may be accessed at the following link: <https://www.mshp.dps.missouri.gov/CJ38/searchRegistry.jsp>

Timely Warnings and Emergency Response

Timely Warnings

In the event of criminal activity occurring either on campus or off campus that in the judgment of the University Police Department constitutes a serious or continuing threat to members of the campus community, a campus-wide "timely warning" will be issued. Examples of such situations may include a sexual assault or a series of motor vehicle thefts in the area that merit a warning because they present a continuing threat to the campus community. Warnings will be communicated to students and employees via one or more of the methods discussed later in this section. Updates to the warnings will be provided as appropriate.

Anyone with information warranting a timely warning should immediately report the circumstances to:

- University Police Department, 660.562.1254

The University has communicated with local law enforcement asking them to notify the University if it receives reports or information warranting a timely warning.

Emergency Response

The University has an emergency management plan designed to ensure there is a timely and effective response in the event of a significant emergency or dangerous situation occurring on campus involving an immediate threat to the health or safety of members of the campus community. Such situations include, but are not limited to: tornadoes, bomb threats, chemical spills, disease outbreaks, fires, active shooters, etc.

The University has communicated with local police requesting their cooperation in informing the University about situations reported to them that may warrant an emergency response. Students, staff and visitors are encouraged to notify the University Police Department at 660.562.1254 of any emergency or potentially dangerous situation.

University Police has the responsibility of responding to and summoning the necessary resources to mitigate, investigate, and document any situation that may cause a significant emergency or dangerous situation. In addition, University Police has a responsibility to respond to such incidents so that it can assist in the determination of whether the situation does in fact pose a threat to the community.

University Police in consultation with other appropriate personnel is primarily responsible for confirming that there is a significant emergency or dangerous situation on campus that could cause an immediate threat to the health and safety of the members of the campus community. There are other departments on campus/off that could be in a position to assist confirming certain types of emergencies, such as a pandemic flu outbreak, gas leak, etc. University Police will respond and/or summon the appropriate personal to evaluate the report and determine the severity of the emergency or dangerous situation. University police will make the final judgement regarding the severity based on the totality of the information they observe, receive from others, determine with a validated instrument, etc.

The University Police Department has access to the systems to notify the campus community of immediate threats that have occurred and necessitate evacuation, shelter in place, or other actions on the part of students, employees, and campus visitors. University Police and/or local first responders will assist those preparing the emergency notification with determining what segment or segments of the University community should receive the notification. If the emergency affects a significant portion of the entire campus, University officials will distribute the notification to the entire campus community. However, if appropriate to a specific incident, University Police does have the capability to activate our simplex alarm system notifications to the campus community members in the immediate area of the dangerous situation (i.e. a specific building or adjacent buildings.) In this instance, University officials will continue to monitor the situation and may send subsequent notifications to a wider group of community members. Once an emergency notification is made, adequate follow-up information will be provided to the community as needed. The institution typically provides follow-up information to the community using the same systems that were used to send out the original alert.

University Police will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system upon the

confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of student, employees and visitors occurring on or reasonably contiguous to the campus, unless issuing a notification will, in the professional judgment of first responders, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. The typical first responders to an incident that causes an immediate threat to the health and safety of the Northwest community include University Police, Maryville Public Safety, Nodaway County Sheriff's Department, Nodaway County Ambulance Services, and the Missouri State Highway Patrol. Additional information deemed appropriate by the University Police Department will be disseminated at different points in times during and after an incident.

The University Police Chief, the Emergency Coordinator or designee will direct the issuance of emergency notifications, which will be accomplished using one or more of methods discussed later in this section, depending on the nature of the threat and the segment of the campus community being threatened. The University Police leadership will determine the content of the notification based on each situation. A range of template messages addressing a variety of emergency situations has been developed. The individual authorizing the alert will select the template message most appropriate to the ongoing situation. In situations where there are not pre-determined template messages in the system, the individual authorizing the alert will develop the most succinct message to convey the appropriate information to the community. The goal is to ensure individuals are aware of the situation and that they know the steps to take to safeguard their personal and community safety. At the direction of the University Police Chief, the Emergency Coordinator or designee will contact local law enforcement of the emergency if they are not already aware of it and local media outlets in order that the larger community outside the campus will be aware of the emergency.

Methods for Issuing Timely Warnings and Emergency Notifications

The method(s) listed below may be utilized when the University issues a timely warning or emergency notification to the campus community.

Method	Sign-Up Instructions
Bearcat Alert Text Messaging	http://www.nwmissouri.edu/alert/index.htm
Campus Email	All students and employees are enrolled automatically.

Testing & Documentation

The University tests its emergency response and evacuation procedures at least once a year. The tests may be announced or unannounced. Also, at various times the Crisis Management Team will meet to train, test and evaluate the University's emergency response plan. The University Police Department maintains a record of these tests and training exercises, including a description of them, the dates and times they were held, and an indication of whether they were announced or unannounced. In connection with at least one such test, the University will distribute to its students and employees information to remind them of the University's emergency response and evacuation procedures.

Policies on Portable Appliances, Smoking and Open Flames

The use of open flames, such as candles, and the burning of such things as incense, and smoking are prohibited in campus housing. Candles may be burned in Roberta Hall sorority chapter rooms only during ceremonies, with prior written permission from the hall director. Electric potpourri pots and wax warmers are allowed. Only surge-protected power strips are permitted. Only the following portable cooking appliances are permitted to be used in campus housing: microwaves. Also, tampering with fire safety systems is prohibited and any such tampering may lead to appropriate disciplinary action.

The University reserves the right to make periodic inspections of campus housing to ensure fire safety systems are operational and that the policy on prohibited items is being complied with. Prohibited items, if found, will be confiscated and donated or discarded without reimbursement.

Fire Evacuation Procedures

In the event of a fire, the University expects that all campus community members will evacuate by the nearest exit, closing doors and activating the fire alarm system (if one is nearby) as they leave. If circumstances permit at the time of the alarm, additional instructions will be given regarding where students and/or staff are to relocate.

Fire Education and Training Programs

Fire safety education programs for all residents of on-campus student housing and all employees with responsibilities related to that housing are held at the beginning of each semester. Their purpose is to: familiarize everyone with the fire safety system in each facility, train them on procedures to follow if there is a fire and inform them of the University's fire safety policies. Information distributed includes maps of each facility's evacuation route and any fire alarms and fire suppression equipment available in the facility. Attendees are advised that participation in fire drills is mandatory and any student with a disability is given the option of having a "buddy" assigned to assist him or her.

Reporting Fires

The University is required to disclose each year statistical data on all fires that occurred in on-campus student housing. When a fire alarm is pulled and/or the fire department responds to a fire, these incidents are captured. If you encounter a fire that presents an emergency situation, ensure your own safety and then please call 911.

There may also be instances when a fire is extinguished quickly and an alarm is not pulled or a response by the fire department was not necessary. It is important that these incidents be recorded as well. Therefore, if you are aware of such a fire, see evidence of one or hear about one, you should contact the University Police Department at 660.562.1254. When providing notification of a fire, give as much information as possible about the location, date, time and cause of the fire.

Plans for Future Improvements

The University periodically reviews its fire safety protections and procedures. At this time, it has no plans for future improvements.
