Purpose

Each department, college, or school may have an advanced standing requirement.

Policy

Under this policy a department, college, or school may require a student wishing to pursue a major in that department, college, or school to complete certain courses, pass interviews, achieve grade point averages, or succeed in examinations prior to being formally admitted to a major.

However, any student under this process and majoring in one discipline or department will be considered eligible to take courses in another department, college, or school without further requirement. Refer to appropriate departmental/college/school advanced standing statements.

Negative decisions regarding a student's advanced standing may be appealed to the Associate Provost of the department or school.
