Purpose

To set forth how the university calculates grade points.

Policy

Grade points are calculated on the following basis:

- One hour of "A" = four points;
- One hour of "B" = three points;
- One hour of "C" = two points;
- One hour of "D" = one point;
- One hour of "F" = zero points.

A grade point average is computed by dividing the grade points by the number of semester hours of academic work attempted. Grades assigned as NR, NC, W, I, IP, or P are not computed in the grade point average.
