

# EMERGENCY PROCEDURES INVOLVING LEAD:

- Sweep or vacuum spills into sealed containers. Label the containers appropriately as “Lead Waste.”
- Do not allow lead dust to be released into the air, ground, or water.
- If a large amount of lead dust is inhaled, get fresh air and rest. Get medical attention as soon as possible.
- If a large amount of lead dust is ingested, rinse your mouth. **Do not induce vomiting.** Get medical attention as soon as possible.
