MESSAGE FROM THE AVP

Team,

It is not beyond our reach for our department to become the best well-oiled machine on campus. It chiefly takes a shared desire, commitment, and positive can-do attitude by all. As each one of us serves as a vital cog in the wheel, the machine will not run effectively if we are not all operating in unison. Every member of the Facility Services staff plays an equally important part of our operations and is vital to our overall success. Thank you for both your individual and team-oriented efforts and contributions as we continue to progress toward a well-oiled machine!

Sincerely,

Dan
