## EMPLOYEE SPOTLIGHT

**Jack Bucy**  
Access Control Coordinator

Jack has been part of Northwest’s Facility Services team for 14 years! Prior to working at Northwest he worked for Metal Culvert. As the Access Control Coordinator, Jack mostly enjoys the opportunity to do different tasks throughout the day.

Jack is from Maitland, MO. Him and his wife Nikki have two daughters, Jaylin and Kayla.

Jack likes to spend his spare time camping, hunting, fishing and collecting and restoring farm toys. He also enjoys traveling to Michigan to visit family.

Thank you Jack for your 14 years of dedicated work with Northwest and the Facility Services department!

## MESSAGE FROM THE AVP

*Team,*

*I greatly appreciate how our department continually rises to the occasion and does what it takes to get the job done. Our recent mechanical issue at the Central Plant resulting in shutting down the steam plant is a recent example. Central Plant and maintenance staff worked collectively to get the repairs completed to bring back the steam system for restoring hot water and converting from cooling to heating.....and accelerated the projected timeline. The result of this collective effort lessened the length of time in which our campus customers would experience the inconvenience of no hot water.*

*Many thanks to each and every one in Facility Services for setting the standard.*

*Dan*
