The 6 week Summer Component is an opportunity for students to be involved in activities that simulates the college experience. Students are required to participate in order to receive the full UBMS experience, but we do understand that there will be certain circumstances that may make it difficult for the student to attend the Summer Component. Each UBMS student may opt- out of one Summer Component during their time with the UBMS program, unless special circumstances are given. Students must attend their first summer following recruitment. Students may opt out of either the summer following the sophomore or junior year, if it is not their first summer. Students must meet all of attendance/participation requirements during the academic year to maintain good standing in the program. Students may request approval by completing this form and returning it to the UBMS office by **Saturday, February 29th**.

b) What makes you sure you will continue participation after your opt out summer?
